**Come Join Us For
 The Ride!**

Burr!!! It was a little chilly on the way to the District Rally in Minden Nevada. On the way up the temperature went down to 41 degrees with snow on the sides, but not on the street and some rain in spots. Other than that, the scenery was beautiful with all the snow on the nearby mountains. There was threat of rain all weekend but cooperated with everything I wanted to do such as teaching the ARC and the Drill Team performance. Many people went on rides, some ran into rain and hail, but it did not last for long. Six of us from Chapter M attended, Del Britton, Jim & Suzanne Back, Russ Johnson, Trent Reid and Me. On the way back I did not get any rain, but temperatures got down to 37 degrees. Not that I'm complaining, it was a nice ride.

Wednesday May 29th John led us on a dinner ride to a new Restaurant called Tony's Mexican Grill in Riverside. We had seven bikes and one car on that ride.

On June 8th John has a Saturday afternoon ride planned and on June 30th he has his popular breakfast ride. Plus, we have two dinner rides on the schedule.

If you plan on going to the Four Corners Rally (Multi District Rally) in Colorado please register early, it helps in the planning process.

Chapter CA-1 Meeting Minutes

by Linda Flechtner

May 18th, 2019

It was raining on and off and our fearless Leader Jerry was the only one to ride to the meeting. The turnout for our gathering was light but hardy.

Jerry asked us to please sign up for our Milk Run Rally at the June Meeting. Pre-registration members will receive an extra pre-reg. Ticket for signing up this early.

We are still collecting door prizes and gift cards of a \$10. value or more are greatly appreciated. Give them to Sheree.

Jerry talked about the Chapter CA-1Q and Chapter CA-1K's rallies. Sounds like they had a great time.

Jerry with the help from Patrick demonstrated some group riding techniques. They demonstrated why it is important to stay in your track of the lane when turning corners so you don't cut off the rider behind you. He also reminded us when group riding to go through traffic lights and stop signs two at a time. This way we stay together and don't tie up traffic.

Lois and Patrick handled the Sunshine activates and since John and Tammy were not present. The gas game and get in or get out were not played.

Jerry talked about the Train ride coming up on July 28th. Train rides will be from 11:am to 1 PM. We have the picnic shelter from 10 AM to 4 PM so bring a picnic lunch and chairs if you want to. We had a great time last year.

Glenn has been the Station Master for 30 years and doing this for 40 years. We are lucky to be able to ride the trains, and they are free. Other Chapters will be notified and can participate along with us.

Chapter Pride was won by Shirley
50/50 winners were Russ and Julie

Raffle prizes were won by Norm, Julie, Jerry, Del, Bobby, Linda, Cheryl and Fred

Chapter Charity was won by Linda (it was awesome)

District Educator – Dean Stowers

Where to Look - Every Second Matters Survey your environment the correct way as you ride involves several aspects.

First, you should be in the habit of maintaining a minimum two second following distance, well assessing a four second immediate path and a 12-second anticipated path. To maintain a 2-second following distance - necessary to ensure you have enough time to react if the vehicle in front of you stops suddenly - pick out a fixed point like a signpost or pavement marking, as the vehicle ahead passes the fixed object count off

"one motorcycle-one, two-motorcycle-two", and if the fixed point has not been reached, following distance is at least two seconds. Use a longer following distance as roadway, traffic, or weather conditions dictate, or if you are simply more comfortable having more space and time to react.

Next, scan a 4-second immediate path. Anything within four seconds of your path is considered immediate because a quick response is required if something should go wrong. Four seconds provides time and space to swerve or break for hazards such as potholes or someone/ something entering your path.

Finally, a 12- second anticipated path means to look ahead and assess an area it would take that long to reach. It provides time to prepare for a situation (road construction, traffic jam, disabled care, etc.) before it becomes immediate. With the constant scanning of the near-to-far areas, never fixating on one spot, you will notice the hazards in your path before your literally on top of them You don't need to stare down at the pavement directly in front of your front tire nor do you need to fix your gaze far in the distance in order to detect the variety of potential hazards that await you. Safe riding requires you to maintain a complete 360-degree picture of your surroundings. Focus on your path ahead and occasionally glance to the sides to detect if vehicles are pulling out from driveways or side streets, and glance at your rear-view mirrors to see if any vehicles are bearing down on you from behind. Maintaining this picture minimizes the need to rely on your emergency maneuvering skills. In that way, riding a motorcycle is more a skill of the eyes and mind that of the hands and feet.

Sherry and I are looking forward to serving you, our Members, as we take on the role of Directors of GWRRA.

We live in Jackson, Missouri, and both ride GL1800 Trikes. I have been a Member for 26 years, and Sherry has been a Member for over 13 years.

Together we have over 30 years of volunteer experience in this Association. We look forward to meeting many of you as we attend rallies and especially at Wing Ding this year in Nashville, TN. If we can be of assistance in helping to make your experience better, or if you would just like to share your thoughts, please do not hesitate to contact us at director@gwrra.org.

Wing Ding-An Incredible Family Reunion I am always amazed when a Member tells me they have never been to a Wing Ding and have no intention of attending. I can not imagine being part of an organization with no interest in attending their International event. Wing Ding 41 in Nashville will mark my 20th Wing Ding. Just seeing so many friends that I have met over the years makes this event truly worthwhile. Wing Ding 41 at the amazing Gaylord Opryland Resort and Conference Center located in Nashville, TN is coming up August 28 – 31, 2019...our Gold Wing family reunion!!!

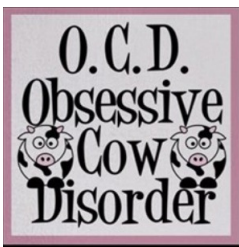

There are so many exciting things happening at Wing Ding which include vendors, seminars, bike games, GWRRA Official Store, Bike Night, 50/50's, Gold Wing bike tickets, entertainment nights, costume contests (theme is A Little Bit Country, A Little Bit Rock 'n Roll), and dinners, just to mention a few. What a facility - the Gaylord Opryland Resort located in beautiful Nashville, TN is truly a destination! The resort includes 15 restaurants, an indoor pool, two outdoor pools, an 18-hole golf course, and 9 acres of indoor gardens with a boat ride available. The resort is also the largest non-casino hotel in the continental U.S. and one of the largest hotels in the world, not to mention it has 105 ice cream machines! So, as you can see, there will be something for everyone, whether a new Member or a seasoned Member. Wing Ding 41 is bound to be a magnificent time; the resort, the excitement, and the Gold Wing reunion all under one roof! Please encourage all Members to attend.

We would like to leave you with a few final words taken from our "rap" that we do to promote Wing Ding... "So mark your calendars and don't be tardy. It's a grand 'ole time at the Wing Ding Party!"

Ride safe; be well. And, as always, remember that fun shall be the last word—so HAVE FUN!
