Come Join Us For  
The Ride!

Four of us went to the Irwindale Speedway that Chapter I sets up for the Chapters. Basically, we got to the track and staged in the parking lot. When they were ready we went to the center of the track and staged again. Then we got to go around the track a couple of times, we exited and the first responders went around. After everyone got settled the races began. Even though I am not much into racing it was fun to watch.

Lois and I missed the Hoggs Gourmet Dinner ride and John's breakfast ride, this month. Because we were on a cruise for seven days in Mexico. It was a retirement gift from the company I retired from after 45 years.

Next month we have Chapter V's Rally in Apple Valley on the 7<sup>th</sup> and on the 26<sup>th</sup> Arizona is having their District Rally in Lake Havasu plus dinner rides.

Come join us for the ride.

# CHP ANNOUNCES LANE SPLITTING TIPS

SACRAMENTO, Calif. – Lane splitting is a privilege enjoyed by California motorcyclists. With this freedom comes a greater responsibility for motorcyclists and drivers to share the road and create a safer highway environment.

In 2016, Governor Edmund G. Brown, Jr. signed California Assembly Bill 51, which defined motorcycle lane splitting and authorized the California Highway Patrol (CHP) to develop educational safety tips. Through a deliberative process and in consultation with the California Department of Motor Vehicles, the California Department of Transportation, the Office of Traffic Safety, and several motorcycle safety organizations, the CHP has finalized lane splitting tips.

“Although lane splitting is legal in California, motorcyclists are encouraged to exercise extreme caution when traveling between lanes of stopped or slow-moving traffic,” said CHP Commissioner Warren Stanley. “Every rider has the ultimate responsibility for their own decision making and safety.”

These general safety tips are provided to assist you when riding; however, they are not guaranteed to keep you safe:

- Consider the total environment when you are lane splitting (this includes the width of lanes, the size of surrounding vehicles, as well as current roadway, weather, and lighting conditions).
- Danger increases at greater speed differentials.
- Danger increases as overall speed increases.
- It is typically safer to split between the far left lanes than between the other lanes of traffic.
- Try to avoid lane splitting next to large vehicles (big rigs, buses, motor homes, etc.).
- Riding on the shoulder is illegal; it is not considered lane splitting.
- Be visible – Avoid remaining in the blind spots of other vehicles or lingering between vehicles.
- Help drivers see you by wearing brightly colored/reflective protective gear and using high beams during daylight hours.

Motorists can also do their part by sharing the road. Many motorcycle collisions are caused when other motorists simply do not see the motorcyclist. Check your mirrors and blind spots frequently, especially before changing lanes or making a turn. Be alert and courteous while sharing the road.

## Chapter CA1-M Meeting Minutes by Linda Flechtner September 9th, 2018

### Jerry's Chapter Director's comments:

Jerry reminded us that John and Tammy are our Chapter Couple.

Jerry wants to know who needs the MOO sound for the bikes. Mp3 versions are available. Jerry wants us to announce ourselves with the "Moo" when we arrive in groups to various occasions. Patrick offered to send out the "MOO" to everyone in an email. Jerry asked Denise about the visit to the Camel Dairy last month and Denise told us about feeding the camels watermelon and how entertaining the bird show was especially since the trainer was formerly employed at Sea World. The ride was great even though we had to make a couple of "MOO" turns.

Ron told us about his new bike and what a great deal he got at Redlands Honda for poor old blue.

Patrick told us about our trip to Irwindale with the other Chapters put on by Chapter I. He had a great time doing laps on the racetrack and really enjoyed the races.

Jerry reminded us of the upcoming Arizona District Rally in Lake Havasu and about the Chapter V rally coming up soon. Jerry informed us the next Wing Ding will be in Nashville Tennessee next year.

**Visiting Chapters:** Chapter Z

**Chapter Store:** Patrick was giving away older pins and reminded us he had skull caps, neck coolers, horn pins and other goodies.

**Ride Coordinators:** John read off all the upcoming rides and thanked everyone who led a ride for the month. We then played the pass the gas game.

**Our Chapter had:**

3 Guests 25 members 7 Bikes and 0 Trikes

The after meeting rode up to the mountains by way of Silverwood Lake, we toured Lake Gregory, Arrowhead Lake and Big Bear lake and ate at the Maggios Pizza and Italian Restaurant. We had five bikes, thank you Larry for great food and a great ride!

Hello California,

As you are aware, we have been at Wing Ding in Knoxville, TN. It was a wonderful experience, as always, and encourage any that can attend to do so.

Team members and officers, it is important to promote and encourage participation, and the best way is by example. We know that personal circumstances can make it difficult to attend everything - but encouraging others that can, will be to their benefit. There were awards, great rides, interesting classes, bike games, and fun parties. We want to thank Ralph & Robynn, CA-1C, and CA-1F for helping us at the registration table Saturday morning (our assigned volunteer duty for Wing Ding). We had a blast. Next year Wing Ding will be in Nashville, TN. Bob & I visited Nashville this trip and love the fun and atmosphere. There is no lack of free entertainment and fun. Be looking for information from Ralph & Robynn in the near future regarding next year's rally and events and paperwork for next year. California will be in good hands as Ralph & Robynn take over the responsibilities as directors.

As the year is winding down, do not forget to support the chapter rallies that are yet to come, and also to start, as a team, to decide on who would be a good couple and individual of the year for your chapter. We want to honor those special people in our chapter ...you select them ...you do not ask them if they would be. This is an honor for what they do for your chapter. Whether they want to proceed to district level is their choice, but the honor is what you give them. Let's recognize our wonderful chapter members. We will be traveling for the next few weeks but are still available via email or phone. Enjoy this fall riding season and plan some great chapter rides.

RIDE SAFE.

### Come in and check out our vast inventory of used Goldwings and Trikes

Highland Cycles was acquired in 1997 by Paul McMichael Sr. and his wife Cheryl. What began as a hobby based on a love for motorcycles became a family business. Since 1997, Highland Cycles has evolved and become the business it is today all while being built on the cornerstones of Faith, Family, Friendship and Integrity.

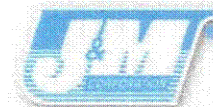

On January 2, 2018, Highland Cycles opened just we have any other day for the past 20+ years (bright and early with a full pot of coffee brewing for our customers), however, with a couple changes. The torch has been passed to Paul McMichael II (Paul Jr., who has managed the store for over 6 years) and his wife, Wendy. You will also recognize our top notch Mechanic, Jay, who is truly a part of the fabric of the shop. Highland Cycles has built longstanding, respected relationships with Vendors and Customers alike. We look forward to continuing those relationships into the future through the same cornerstones our shop was built on, Faith, Family, Friendship and Integrity.

While our focus may be on Honda Goldwings and Trikes, we welcome riders of all marques (Street and Off Road). Come in for a cup of coffee, see our expansive inventory, chat with fellow riders and experience the difference.

*Look where you want to go.* Even a beginning rider course should teach you that, and it's sound advice no matter how much experience you have. The bike is going to go where you're looking. If there's a pothole or debris in front of you, or a car pulls out, or an animal runs into your path, don't look directly at it—look for a way out; where you want to go.

Two corollaries: Look through the turn, not just at the apex. And second, don't look in front of you; look ahead of you. Flat-track riders call that shortness of vision "riding the front wheel." You'll never be as safe as you could be if you're not looking far enough
