Dealer Program - All forms are complete and will be on Oconnect by the time you read this. Below is a reminder of the program. GWRRA will provide to a dealer

a special Membership application to GWRRA. The Dealer will be giving a 4-month free Membership to GWRRA when that person purchases a new or used Gold Wing, cruiser or touring bike from their dealership. They will have a special "new member line" to send the application to Home Office. We will immediately process the new Membership and then send it to the District Director so they can share it with their District MEP who will contact that Member and get them involved. The sooner we offer that new Member the opportunity to join us for a ride or education opportunity, the sooner they will feel and experience all the benefits of Membership. Home Office will then follow up with the Dealer and offer to send them Wing World Magazines to the dealership monthly and more materials if they wish. What we are asking of you is to talk with your favorite dealer. Share with them this idea and see if they are interested. We will have all the material they need on our website soon and you can even take it in with you when you talk with them. If they want to participate: 1. Send an email to dealerprogram@gwrra.org with the dealer's information and contact person. 2. Give us your name and Member number so we know where this is coming from and can enter you into our Thank You drawing. 3. Let the Dealer know that we will be highlighting them as a Supporting Dealer and we will feature them on our website and the Gold Book. This starts with you and your relationship as that is always the best way. We, Home Office, will also be reaching out to dealers about 30 days after the launch to give you the first opportunity to talk with your Dealer. Membership Award Program - All forms are complete and ready and will be on Oconnect by the time you read this.

**TIP: Be Prepared to Ride**

Always take a Tool Kit along when you go for a ride. You never can tell when it will come in handy. Use the tools to go over the bike occasionally and make sure no screws or bolts are loose. You should always have your owner's manual with the bike. It tells you where the fuse box is, in the unlikely chance a fuse blows. It may also tell you how to get a wheel off, should you have the misfortune of a flat tire. Flat tires are pretty rare occurrences on motorcycles, but they can happen. In this case, you can either get on the phone with us for assistance, or fix it yourself using a Tire & Tube Repair Kit. If you want to know how to do it, we recommend you practice at home, rather than have your first shot at fixing a flat alongside a deserted road in the middle of the night

## Jerry & Lois Cowan CA1-M Chapter Directors

Since I have retired it seems I have time on my hands, as I was cleaning I ran across all my old Chapter newsletters dating from 1999 to 2008. Its kind of fun looking back. Seeing as the people change but everything else stays the change. I also ran across a special newsletter (57 pages) that was written by one of our members Sean English on one our 2-week trip that we did in 2007. I never read the whole thing at the time, but I did this time. Sean is the type of writer that can make one sentence of mine into a whole page. Eleven bikes went to Billings Montana, Canada and then down the Coast while taking some great back roads (plus a gravel road for 70 miles). If anyone has any older newsletters than mine, let me know.

After our meeting in June we went to Perris to a train Museum that has a park inside the facility and had a picnic. Chapters from A, C, M, R, Q and Z were there. Roger had some games that some of us participated in. It was a lot of fun.

Diane Hogle threw a surprise birthday party for, her hubby, Ron Hogle on June 24. Ron was quite surprised, great turn out, a lot of past members showed up. Thanks to all who showed up.

In July we have CA1S's Rally in Ventura on the 21<sup>st</sup>. Where we end up is at the Harbor, a nice place to have lunch. Plus, the Gold Angels drill team will be performing. CA1S puts on a good Rally, come join us. Plus for July, we have a couple of visitations, Dinner rides on Wednesdays and John's breakfast rides.

Don't forget we will be having our quarterly bake, silent auction. So while it is cool get your ovens going and bring lots of goodies to sell.

Come join us for the ride

Highland Cycles was acquired in 1997 by Paul McMichael Sr. and his wife Cheryl. What began as a hobby based on a love for motorcycles became a family business. Since 1997, Highland Cycles has evolved and become the business it is today all while being built on the cornerstones of Faith, Family, Friendship and Integrity.

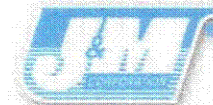

On January 2, 2018, Highland Cycles opened just we have any other day for the past 20+ years (bright and early with a full pot of coffee brewing for our customers), however, with a couple changes. The torch has been passed to Paul McMichael II (Paul Jr., who has managed the store for over 6 years) and his wife, Wendy. You will also recognize our top notch Mechanic, Jay, who is truly a part of the fabric of the shop. Highland Cycles has built longstanding, respected relationships with Vendors and Customers alike. We look forward to continuing those relationships into the future through the same cornerstones our shop was built on, Faith, Family, Friendship and Integrity.

While our focus may be on Honda Goldwings and Trikes, we welcome riders of all marques (Street and Off Road). Come in for a cup of coffee, see our expansive inventory, chat with fellow riders and experience the difference.

Chapter CA1-M  
meeting minutes  
by Linda Flechtner  
June 10th, 2018

### Jerry Chapter Director's comments

Jerry welcomed back visitor John Robinson, who used to be a member of Chapter M 25 years ago from 1990 to 2007.

Chapters CA1-Z and CA1-C were visiting our gathering.

Jerry thanked his staff for all their help.

Jerry also talked about the San Simeon ride and how the park is in a beautiful location. We were also reminded when we are riding in a group to stay in our own track so not to stray into another motorcycles path. A unnamed person had a spill because of this. This is always good advice.

Jerry was the only one who went to the Hoot in the Ute in Utah.

We missed Jim and Suzanne who are in Parker Arizona enjoying the RV life.

CA1-S's ride is coming up and near the ocean. The Gold Angels will be performing at their rally.

While Ron was out of the room Dianne reminded us about his surprise Birthday Party coming up on Sunday June 24th. Sounds like fun!

**Chapter Charity.** Lois brought fresh squeezed orange juice from the Cowan family orchards, the largest in the area.

**Ride Coordinators:** John was home sick so Linda announced all the rides on the calendar while Patrick placed the balloons on the tables and encouraged members to pass them around. When Linda called stop, members with balloons of certain colors were winners of prizes. Again no injuries reported.

# Gold Angels Motorcycle Drill Team

The Assistant Drill Sergeant of the Gold Angels supports and assists the team Drill Sgt with training, qualifying riders and the preparation of training exercises to maintain and improve rider competency. The Assistant Safety Officer of the Gold Angels assists the team Safety Officer with anything related to safety. This includes rider's motorcycle condition and the training field along with the layout. These two team positions fall onto the shoulders of one Roger Taylor.

Born and raised in Northern California (almost Oregon), he and his wife of 47 years, Linda, now call Anaheim home. A neighbor, who was like a father to him had a Honda 350, so in 1975 Roger bought himself a Honda 350 so they could ride together. Since his neighbor planted the motorcycling seed, Roger has traveled over 300,000 miles. His favorite ride would have to be Highway 36 from I-5 in Red Bluff to US 101 on the coast. This 140-mile ribbon of asphalt carves its way through some of the most beautiful scenery in the world. Oh, did I mention that the road is far from being straight? Very little time is spent on the center of the tires making it a very technically challenging, yet fun ride. When asked about his "Motorcycle Bucket List", he replies "I don't have one! I am more spontaneous and go to places known and unknown with friends as the opportunity arises.

After watching the Gold Angels perform, he was so impressed that he wanted to see if he could ride like that. So, in 2014 he tried out, was accepted and the rest is history!” His favorite maneuver would have to be the Opening Wedge because it illustrates the skill required to ride that close together in such a tight formation moving as a single unit while your feet rest on your neighbor’s motorcycle. It has been done with eight Goldwings side-by-side and two performers standing between the center bikes. Roger would like to let the audience know that with a little instruction and a lot of practice, they too could ride like that. He is always extending the invitation to come and try out, warning them that they will be hooked like him.

Rogers ability to learn quickly and his desire to ride fast earned him the call sign “Rabbit “. While appreciative of the teams reasoning for the call sign, he does have a little reservation with it when compared to the rest of the team. Let me illustrate this

- Gator = Predator**
- Bulldog = Predator**
- Cobra = Predator**
- Tigger = Predator**

**Rabbit - LUNCH**

The Gold Angels is a “Not for Profit” organization. Each team member is a volunteer and responsible for the costs associated with his or her motorcycle. These costs also include all travel expenses incurred during a performance and all practices. These riders do it because they truly enjoy it.
