## Newsletter Policy

Chapter CA1M's newsletter is distributed free of charge to GWRRA members or GWRRA boosters who participate in the Chapter activities. The newsletter is also distributed free to all advertisers and certain motorcycle related businesses or interests. After four months of non-participation as determined by the Membership Chairman, Newsletter Editor or the Chapter Director you may be removed from the mailing list. You will remain off the mailing list until you participate again or you make other arrangements with the Newsletter Editor or the Chapter Director.

Remember, the newsletter is what we make it. Please submit articles that you think will be interesting or informative to other Chapter members. The articles may be about your favorite ride, bike accessory, or just a funny story relating to motorcycling.

All articles submitted may be edited at the discretion of the Newsletter Editor, depending on the space available. Controversial subject matter may not be submitted. The News Letter Editor is human and may from time to time make mistakes. This is not cause for ridicule, We are all volunteers. If you nominate the News Letter Editor for the bell you will have to wash my bike.

Please submit your article by e-mail to the Newsletter Editor by the 19th of the month to be in the next month's newsletter. Material in the newsletter may be reprinted without permission.

## Anita & JR Alkire President

In the spirit of the change, the Chapter Educator position was eliminated so the Chapter would focus on riding, socializing, and fun. As they focus on riding, they focus on sharing safety and that is everyone's opportunity to help others

learn from what you know. Specifically, if you're a Master Tour Rider or Co-Rider, you can help your fellow riders and co-riders learn from your knowledge and experience. So please embrace these new ideas and release the past so together we can reshape our Association. Your District Educator can print out by Chapter where each Member is and what your Chapter might be needing. It is the responsibility of the District Educator to be watching this. The message could be sent to the Chapter Director and a responsible Master to assist our Members with their levels. BUT, the District Educator and their Assistants should be visiting your Chapter and bringing the message. The District Educator should be evaluating the educational needs of the District and then coordinating with the District Team to provide those opportunities.

**EXCITING NEW PROGRAM COMING SOON!** We have been working with Honda to come up with a new recruiting idea. All of us at Home Office are committed to growth and retention in GWRRA. To help us gain some new Members we are going to introduce two new programs within the next month

**HONDA Dealer Program** This one is really exciting and it's coming from two directions. One from Home Office and the other from the Members who are calling and telling us they have dealers who want to share our story and Membership. GWRRA will provide to a dealer a special Membership application to GWRRA. The Dealer will be giving a 4-month free Membership to GWRRA (next page top)

when that person purchases a new or used Gold Wing, cruiser, or touring bike from their dealership. They will have a special "new member line" to send the application to Home Office. We will immediately process the new Membership and then send it to the District Director so they can share it with their District MEP who will contact that Member and get them involved. The sooner we offer that new Member the opportunity to join us for a ride or education opportunity, the sooner they will feel and experience all the benefits of Membership. Home Office will then follow up with the Dealer and offer to send Wing World Magazines to the dealership monthly, and more materials if they wish. What we are asking of you is to talk with your favorite dealer. Share with them this idea and see if they are interested. We will have all the material they need on our website soon and you can even take it in with you when you talk with them. If they want to participate: 1. Send an email to [dealerprogram@gwrra.org](mailto:dealerprogram@gwrra.org) with the dealer's information and contact person. 2. Give us your name and Member number so we know where this is coming from and can enter you into our Thank You drawing. 3. Let the Dealer know that we will be highlighting them as a Supporting Dealer and we will feature them on our website and the Gold Book. This starts with you and your relationship as that is always the best way. We, Home Office, will also be reaching out to dealers about 30 days after the launch to give you the first opportunity to talk with your Dealer. Membership Award Program We are putting a new application together that will give each Member in good standing with GWRRA the opportunity to give a 4-month Membership to the purchaser of their bike when they sell it (hopefully to buy a new Gold Wing). We have the Membership transfer, but in most cases, we are buying a new bike and don't want to give up our Membership in GWRRA. This way we get to spread the fun by giving that purchaser the opportunity to join us and find out what "Friends for Fun, Safety and Knowledge" is all about. This is also to say thank you to all our loyal Members. So, have another great month, remember to reach out and call someone on our ARL that you haven't seen in a while and invite them out for a ride or a conversation. Let's help them understand how important they are to all of us.

After May's gathering six of us took a ride to meet Chapter Q at a prop rental place in Gardena. The place makes and rents characters such as The Hulk, Superman and many other action figures. Then we were invited out to lunch at Jersey Mike's restaurant. Good food good company what more could you ask for. Also the owner of Wing Stuff, was there with his new 2018 DCT Goldwing.

May 12<sup>th</sup> the District put on an Education Day in Adelanto, ARC and TRC Classes were offered plus a First Aid Class. Trent and I went up Friday to set up the range for ARC. It was windy and quite challenging, but with Big Mikes help we got it done. We had three other of our Chapter members there, Linda Flechtner did the ARC, Glenn Manness and Gary Blackburn did the TRC.

In June, the only Rally is CA2N, Julie and Mike are visiting Family in that area so they plan on attending. We have several visitations scheduled, check out the Calendar and come join us.

Be sure to read the articles that Linda is doing on our newer members, quite interesting. April was on Patrick, May was on Julie & Mike, who knows what June will be.

Highland Cycles was acquired in 1997 by Paul McMichael Sr. and his wife Cheryl. What began as a hobby based on a love for motorcycles became a family business. Since 1997, Highland Cycles has evolved and become the business it is today all while being built on the cornerstones of Faith, Family, Friendship and Integrity.

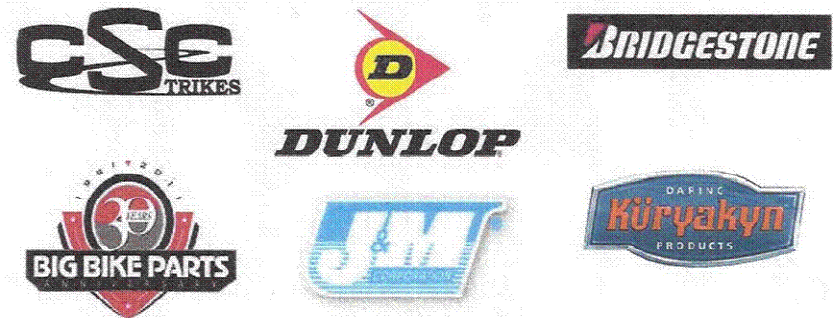

On January 2, 2018, Highland Cycles opened just we have any other day for the past 20+ years (bright and early with a full pot of coffee brewing for our customers), however, with a couple changes. The torch has been passed to Paul McMichael II (Paul Jr., who has managed the store for over 6 years) and his wife, Wendy. You will also recognize our top notch Mechanic, Jay, who is truly a part of the fabric of the shop. Highland Cycles has built longstanding, respected relationships with Vendors and Customers alike. We look forward to continuing those relationships into the future through the same cornerstones our shop was built on, Faith, Family, Friendship and Integrity.

While our focus may be on Honda Goldwings and Trikes, we welcome riders of all marques (Street and Off Road). Come in for a cup of coffee, see our expansive inventory, chat with fellow riders and experience the difference.

**TIP: BOOTS. WEAR THEM!**

It seems like common sense, but take a look around and notice how often you see riders in sneakers, loafers, and yes, even flip flops.

Sturdy, over-the-ankle boots can protect you from a variety of riding hazards. They protect against burns from hot exhaust pipes and getting pinged by flying road debris. Boots with oil-resistant, rubber-based composite soles will give you a strong grip on the pavement and help you keep your feet on the pegs. If the boots have heels, they should be low and wide. In case of a mishap, boots help provide valuable protection against foot and ankle injuries.

As the weather gets warmer we tend to find ourselves "shedding gear." Boot manufacturers make plenty of more comfortable and casual options that still offer the minimum level of protection you need when riding on the street.

## ARC Class Highlights

### Risk management

#### The proper gear:

If you want it cover it. Cover anything you want to use later in life.  
All the Gear All the Time!

#### Proper Equipment:

**T-Clock T-Tires & Wheels C-Controls L- Lights O- Oil C- Chassis K- Kickstand**  
Make sure your bike is in good riding condition when you ride.  
Check the date/age of your helmet.

#### The proper attitude:

Riding is more mental than physical.  
Don't ride when you are upset, have a bad attitude are stressed or tired. Pull over relax and hydrate when you are tired. Watch the use of medicines that may cause adverse reactions when riding. Riding requires all your attention!

#### The Weather:

The heat: Carry water and keep hydrated. Stay covered to keep from dehydrating, use a cool vest. Watch out for road snakes, those tar lines that are soft and slick in the heat.

The cold: Dress in layers, carry extra layers and heavier gloves for cold weather.

Put your rain suit on before you hit the rain, don't ride in the center of the lane where the oil accumulates or on the painted road lines, they are slippery. Keep a greater distance from vehicles to allow more room to stop on slick roads.

#### The Traffic:

Look ahead of where you are traveling and anticipate hazards when you enter intersections. Stay in the left lane, watch for left turning traffic, watch for wide right turning traffic and always watch the rear of your bike for traffic that doesn't stop in time. Don't follow hazardous vehicles, such as overloaded vehicles or vehicles carrying loads that may fall off and cause you to crash. Pass semi trucks quickly, don't linger next to them a trailer tire might blow and they can't see you.

**Animals and pedestrians:** Watch for people on cell phones they will walk in front of you your bike is quiet. Watch for pets and children in urban areas and wild animals when you ride on country roads and in the mountains.

#### Play the "what if" game.

#### SAA SEEK, ANTICIPATE, ACT.

Combine all your options by using your speed, direction and traffic, road conditions, weather, obstacles and communication to keep you safe as you ride.

# Chapter CA1-M meeting minutes by Linda Flechtner

May 6th, 2018

## Jerry Chapter Director's comments

Trent asked us all to congratulate Jerry on retiring. Trent presented Jerry with a new full time riding partner, a stylish cow dressed in a leather jacket with glasses. Jerry showed us his new hand tooled leather wallet that he was presented with at work. The wallet had his catch phrase tooled on it, "Do what you can do" not bad words to live by. Jerry discussed the upcoming Education classes in Adelanto with Armando, Linda, Glenn and Gary participating from our Chapter. Jerry also asked us to be sure to check out the upcoming dinner ride to the Farm House because that is where our Christmas party will be held.

**Chapter Charity.** Lois says we collected 25,211 can pull tabs last year. She says they are weighed and that is how she got the count. Very good!

**Motorcycle Awareness:** Big Mike reminded us that May is Motorcycle awareness month and to remember to be aware as you ride.

Larry presented first time CPR class member Patrick with his red heart pin for participating in his first CPR class. This is to match the already big heart he already has.

**Ride Coordinators:** John announced all the rides on the calendar while Linda placed the balloons with some prizes on the tables and encouraged members to pass them around. When John finished members with balloons of certain colors were winners of prizes. Again no injuries reported.

**Chapter Pride was won by:** Dennis

**Chapter Charity:** Fred

**Get in or get out was won by: Pass the gas balloon winners were:**

gas cards were won by: Patrick & Fred

raffle tickets were won by: Glenn & Denise

**50/50** was won by: Dennis & Fred

**Raffle prizes were won by:** Jerry, Julie, Mike, Cheri, Cecillia, Richard, Shirley, and Tammy

**Our Chapter had:**

No Guests 25 members 6 Bikes and 3 Trikes

The after meeting ride was led by Jerry and went to join Chapter Q to go to the Props Museum in Gardena for a tour. Great day for a ride!

# Getting to Know One of the Herd Norm Barnard

Norm's first bike was a Honda 500 and he started riding when he was 32 years old.

His first long bike trip was a trip to Alaska with his 10 year old son riding behind him on a KZ 1100.

It was a 14 day trip and they hit, rain, sleet, hail and road construction.

Norm says he wants to go back to Alaska next month.

Jerry want to go with?

Norm's first Gold Wing was a 1994 GL1500.

When asked about his career Norm says he's a civil engineer and has worked on Hydro Electric plants.

His favorite color is Blue and his favorite food is Maine Lobster.

One of his hobbies besides motorcycling is Real-estate

When asked what would you like us to know about you, Norm told me he wants a new bike.

Norm grew up in Montana.

Norm has ridden the 4-corners and the 3 Flags rides several times and has ridden the Run to the Wall to Washington DC.

Norm tells me he is going on 750,000 miles on his motorcycles so far.

Norm is a real rider so ask him about his rides and he can probably tell you many great places to ride all across the United States.

Thank you Norm

# Gold Angels Motorcycle Drill Team

The Safety Officer of the Gold Angels is responsible for reviewing the training field for safety and helping to layout the practice/drill markings on the field. He also helps other riders ensure their motorcycles are safe to perform around other riders. The current Safety Officer for the Gold Angels is Rick Hinrichs.

Rick currently calls San Diego home. His riding career started some 54 years ago (WOW) at the tender age of 16. Motorcycles have always held a special place in Rick's heart, so it's no surprise that a motorcycle was his first choice of vehicles while going to high school. Besides, it was the only vehicle he could afford. (The truth comes out!). Since the initial motorcycle, Rick has logged well over 1,000,000 miles. Cruising all the way across this great country of ours to Key West, FL rates at the top of his favorites rides, but Glacier National Park in Montana comes in at a very close second.

Rick never actually joined the Gold Angels. How can that be, you ask? Well in 1999, after watching the Arizona drill team perform, he and a few other riders decided to form their own California based team. Not only was Rick one of the founding members of the California Gold Angels motorcycle drill team, but he held the prestigious title of initial Co-Captain. Trying to narrow it down to a maneuver or two that would be considered his favorite is a difficult task. He enjoys any maneuver that requires a high degree of skill, precision and coordination with the other riders. Counter Circles, Squeeze Maneuvers, Pinwheel Pass Throughs are some of his favorites.

## GWRRA Chapter game.

Points are awarded for visitations to other chapters' gatherings, and/or the other chapters' annual rally/event. The results will include: • Chances for each Chapter's Ride Coordinator to plan rides to visit other chapters • Occasions for Chapter participants to spend time together • Opportunities to visit friends and make new friends at other chapters.

The Visiting Chapter must have a minimum of 3 participants from 2, or more households • The Visiting Chapter may receive points for more than one visit to a specific chapter's gathering. 5 points for the first visit to that Visited Chapter's gathering

1 point for each additional visit to that same Visited Chapter's gathering

3 points are awarded for attending an annual Visited Chapter's rally/event

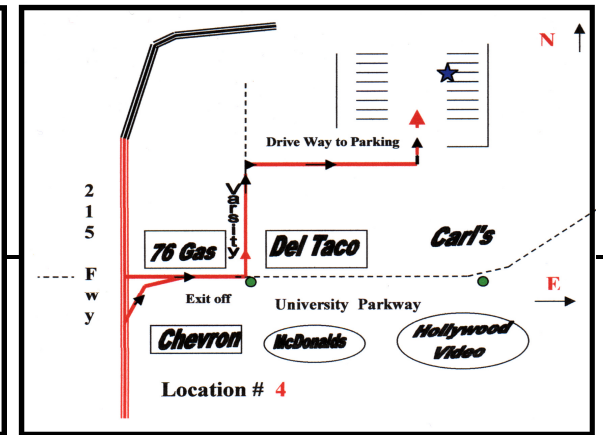

1 bonus point for each bike or trike from the Visiting Chapter (bonus points can be awarded for every visit to a chapter's gathering or rally/event)

When a Chapter is visited, an officer from the Visited Chapter will initial the Score Sheet of the Visiting Chapter and write down the number of points earned.

Winning chapter will receive \$100.00.

closed course environment with other riders that share the same passion and drive to be the best rider they can be. Then travel all around the country demonstrating these skills.

One year while volunteering in the position of Race Safety and Control Motors for the 120+ mile Baker to Vegas police relay race, he encountered a follow vehicle that was blinding runners and race officials with his lights. Rick instructed the driver to turn off his lights to which he refused and then attempted to drive through the baton exchange gate endangering runners and support personnel. Reacting quickly, Rick jumped off his motorcycle chased the vehicle latching onto the rear bumper before being dragged a few feet. The driver finally stopped, but not before the damage was done. Rick had simultaneously pulled both hamstring, along with major road rash, bruising and swelling to both legs, knees and hips. Those in the area watching commented that Rick looked like a “Bulldog” biting down on its prey refusing to let it go. The name stuck and Rick’s call sign is Bulldog

The Gold Angels is a “Not for Profit” organization. Each team member is a volunteer and responsible for the costs associated with his or her motorcycle. These costs also include all travel expenses incurred during a performance and all practices. These riders do it because they truly enjoy it.
