Jerry & Lois Cowan CA1M Chapter Directors

Our first Rally of the year, CA11, started out a little on the wet side, finally the rain ended around 10:00 AM. Chapter M showed up in force despite the rain. At the Rally the Gold Angels Drill Team put on a performance which was tough for us because one rider did not show up due to a family emergency. We had to switch riders to different positions. We were only able to practice once which did not go well, both of the lady performers got hurt during practice. All considering I believe we did okay.

After our meeting Trent lead us on a great ride in the Temecula Hills. He even did a left, right ride which means he asks the next person in line if they want to go left or right at the next intersection.

As group leaders some times we get so caught up in the ride we forget about pit stops. We as group leaders will try to make more frequent stops, but if we don't please SPEAK UP, say you need to stop. Chances are you are not the only one. Communications between the leader and the riders will make for a more pleasant ride for everyone.

March 4th we plan on visiting Chapter R in Orange County. If you can, come and join us. March 31st is Chapter R's Rally in Laughlin, Nevada. They plan on putting on a skit. Last years was a kick. Plus the Gold Angels are performing. Also don't forget all the others rides in between these two rides.

For the next few months our chapter are going to play a game, to find Toyota (a picture of our mascot or the word Toyota) in the newsletter. First person to e-mail me (jcobra51@roadrunner.com) with the correct location of Toyota will win 15 raffle tickets at the next meeting. Put (found Toyota) in subject line.

Last month we asked you to send a copy of a picture of yourself when you were young (1 year or older). We have only received from one person so far. Veterans please send a copy of a picture of you in your uniform when you were in the service. I plan on doing something special for the veterans day meeting. So you have until then to turn them in but if your like some of us it may take you that long to find one.

The Gold Angels made the cover of the March issue of The Wing World Magazine and the Gold Book. Pretty Neat.

In case you were not at the last meeting we announced the Couple of the Year (COY) for CA1M. Which is Trent and Denise. They have been very supportive of Chapter M for 20+ years. He is the one responsible bringing the MOO to our chapter. They will be a great representative of our chapter. If not memorable.

Hello California!

Are we wet yet? The one thing I love about Wingers is that a little rain doesn't stop them from having FUN with each other. The mode of transportation may change, but the FUN doesn't stop. There are even a few dedicated Wingers that face the elements with adventurous hearts on two or three wheels just to be with the GWRRRA family. February was a month of planning and preparing and a kick-off rally given by CA1-I. As always they offered a wonderful Valentine Rally for their 35th anniversary. Congratulations! Even with inclement weather the wingers arrived (most in cages) to enjoy FUN and activity with fellow wingers. There were plenty of games and a photo opportunity in the large balloon heart (compliments of CA1-I), and great food. At the rally we had the privilege to announce CA's two Silver Level Chapters, CA2-S and CA1-A, and announce the 2016 CA District Chapter of the Year – CA1-A.

CONGRATULATIONS. It is our hope that many chapters will participate in the Chapter of the Year program. Many of the chapters already do everything required already. Turn in a monthly calendar to our MECs, Alma Sprengle, and start keeping a list of the members that attend ANYTHING the chapter does. Have someone keep those attendance sheets, and store them by events type or chronological order. At the end of the year you have all the documentation you need to fill out the score sheet and become a silver (or even gold) level chapter and possibly the Chapter of the Year. Let's show everyone how great California is. I know we have the best chapters...it's time everyone else knows it.

March promises to be another great month with the Rally in the Valley in Laughlin, NV. Make sure you have registered and don't miss out on the FUN we will be having While you are at it, preregister for the future chapter rallies and don't forget Region Rally in Tucson AZ at the Starr Pass Resort (AMAZING), Wing Ding in Grapevine, TX at the Gaylord Texas Resort (another amazing resort), and a definite CA District Rally in Mammoth Lakes at the Mammoth Lodge.

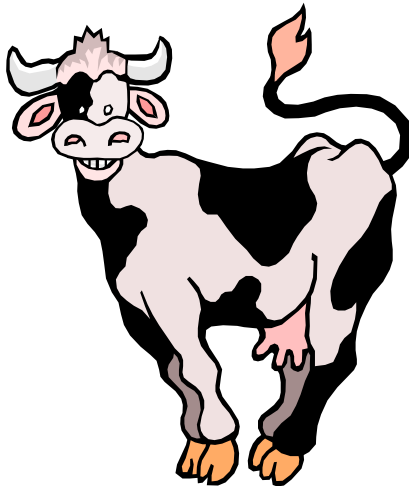

This promises to be a great year!

Back to the weather...hopefully by the time this article gets published the large amount of rain will have stopped, but I must say that it is a blessing to receive in this period of drought. With that being said, be sure to dress and ride according to conditions. Cars are perfectly acceptable if it means we can get together with our FRIENDS and FAMILY of GWRRA for a little (no a lot of) FUN.

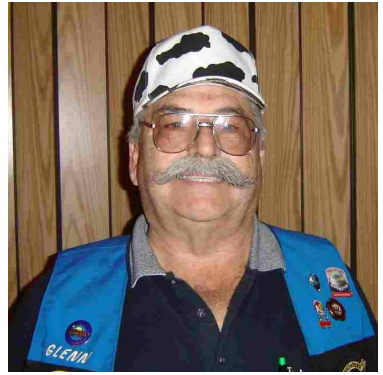

Be seeing you around California. BE WARM, BE DRY, & RIDE SAFE!

Bear Hugs,

Nancy & Bob Clark

Ride with the Right Attitude

When you decide to take your motorcycle out for a ride, what are you thinking about? Each and every time you throw a leg over your motorcycle it matters what you are thinking. Whether you are simply commuting to work or going on a vacation on two-wheels or three wheels, your mental attitude plays a big role in how safe you will be on the road, and how much you will enjoy the ride.

Riding a motorcycle is an activity that is 80% to 90% mental while the rest is physical. When you leave the driveway, your mind should be on the ride rather than errands or other distractions of the day. You need to shift your attitude and focus only on the ride to insure an incident free trip for the sake of safety.

So how do you make the shift from thinking about daily issues to the ride at hand? ***Establish a routine that you will go through before every ride.*** Start by evaluating the condition of your motorcycle. Do a mental T-CLOCS. Look at the tires as you approach (inflated, tread, visible damage). Are there any oily or wet spots on the ground under your bike (where did it come from, is it safe to ride)? And try to be conservative when you answer these questions to yourself. Keep your eyes open for anything amiss. Then, if everything looks okay, gear up. (Of course, you should do a physical T-CLOCS regularly, too, especially before starting on a long ride!)

Next, finish donning your protective outer layer. Most of us put on our gear in the same sequence every time. Long pants and boots are usually put on in the house. Out at the bike, your jacket, helmet, eye protection, and full fingered gloves complete the process. Consider the weather and make sure you have packed any other gear you may need before the ride is over.

Do you know the route you plan to take? Do you have all the necessary information with you to get you where you want to go?

When you shift your bike into gear, shift your brain into “active rider mode” because nothing else matters now except your safety. All your thoughts should be about the ride you are beginning. Check your surroundings and look for potential hazards. Make sure others are aware of your presence.

As you ride be aware of what is going on around you to anticipate potential hazards and your best move to avoid them. Follow a preparation and ride routine until it is your habit for a safer and more enjoyable experience.

Ride safe with all the gear all the time: ATGATT

John & Tammy

Here we go. This month, I don't want to talk about what you missed, I want to talk about what is new.

Mark your calendar, March 12, Daylight savings time begins. Weather should be changing, its time to ride our motorcycles. On March 11th, Rich is leading a ride to Pioneer Town, breakfast is at 7 AM. An opportunity to get out of town for a few hours and see something new. We've already set up a camping trip in March on the 17, 18 & 19th, Jurupa Valley Regional Park in Riverside. All are welcome to come out and join us. You can check your e-mails for further information. John's breakfast ride at 8am, on March 26th, Flabob Cafe in Rubidoux. CA1R, Rally in the Valley, March 31st. A great way to go to Laughlin and have some fun. For those that miss Rally in the Valley, we are setting up another Laughlin ride for the 15, 16 and 17 of April. Let's see how many riders we can get to go on our first overnight ride. We will be staying at Laughlin River Lodge, 2700 Casino Dr. Laughlin, Nevada (1-702-298-2242). CA-1A Rally in Lancaster is on April 22nd and CA-1Q Rally is on April 30th. John's breakfast ride in April is on the 23rd at 8am, we are going to Zeke's in Ontario.

How about the ABC Cow Award, have you thought about it? Do you know someone who has gone above and beyond and deserves recognition, let me know. So, we can get an award presented to them.

Question: Did you see this months Wing magazine????? Jerry "THE COBRA" on the front page of the magazine. Hoo-ya !!!!!

As always, thanks to all of you who step up to the plate and are leading rides. Each and every one of you bring a special shine to this chapter. Your individuality and presence is what makes CA-1M so special.

Tammy & John
your Tour Directors, once again here we go!!!!

"Out on I-40, two friends and I hit the asphalt at 70 mph. You never forget something like that. You also never forget those who were there to help- to *genuinely* help. The honest and tireless legal support that Steve Schapiro and Stan Leventhal dedicated to us was powerful. But even stronger was their sincere understanding of this lifestyle- and of it's importance. *That* is what really kept us going. *That* is what truly restored us." *Bill Hayes, Boozefighter's National Publicity Officer, and former client.*
