Jerry & Lois Cowan
CA-1M Chapter Directors

Last month's gathering had 21 members attend. Ken from Chapter Z attended along with two new potential members, Carlos Vasquez and Harold Green. The ride after the meeting had seven of us following Trent Reid up to Idlewild taking all the back roads to get there and coming back. Great Ride. We stopped at Corkys in Yucaipa for Lunch in which we were surprised that they let us eat inside, maintaining distances. The waitress said corporate said they had to do this or go under.

The next day after our meeting I received an email from Carlos stating that he has already received his GW number from corporate. Be sure to welcome Carlos to GW and CA-1M the next time you see him.

September 19th and 20th Trent and I put on an ARC (advance riders course) class in Lemoore. We were supposed to have seven riders, but one person called in sick and the other was a no show. It was a little warm, so we took more breaks than normal. Sunday when we were done, we headed towards home. I stayed in Tehachapi while a tired Trent went all the way back.

I met five other riders Monday morning at 9:30 to head north to visit Chapter CA2R's Rally in Redding. The plan was to take as many twisty back roads as we can to get there in 4 days. Mike Rand (CD of CA1V) has an article of the first two days of the trip. The other days were just as eventful. When we got their Bob Mcfall & his brother Jim met us.

While there 2R had rides planned for us on Friday & Saturday plus having a BBQ at a member's house Friday evening. Don Kuellmer the District Ride Coordinator also had rides for those two days. You could pick the ones you wanted to take. Thursday evening, I realized that one side of my front tire was completely bald. I had put on a new rear tire two weeks before, thinking I had plenty of life left on the front for the trip. That decision cost me more money than if I had just done it then. John The CD for 2R sent me & Bobs brother Jim (he needed a tire also) to the local Honda dealer. They got us in and out quickly. After the tires were installed Jim & I went on our own ride. Bob Mcfall joined us on our 3 day return trip along the coast. Roger took us by his home town to show us where he grew up. The last day was foggy along the coast then we hit all the L.A. traffic. But we all made it home safely. See you on Oct 11th for our next meeting.

The first 2 days of the Ride to CA2R Ride Rally

On Monday September 21st Six Riders from CA1M, CA1V, CA1Z and CA1Q met on in a couple locations and began a 4 day ride to the Redding Rally. By 8 am Monday 5 of us were together at Phelan McDonalds and soon heading for Tehachapi to meet up with Jerry Cowan. The original 5 we're myself (Mike Rand, Albert Young, Russ Johnson, Roger Taylor and Ken Williams, Jerry had been holding an ARC in Visalia on Saturday and Sunday and decided to wait for us in Tehachapi and save 3 hours of round trip on Sunday night and early Monday morning, or you could say he wanted to sleep in until we arrived in Tehachapi. I was leading out of Phelan and took us through Lake Los Angeles to avoid the traffic in Palmdale/Lancaster. Our final road from near Edwards was Avenue E then on SR 14 to SR 58 in Mojave. Jerry was outside when we pulled up to the pumps across from his hotel and after a gas and potty break 6 of us re-entered US58 and on down to the Caliente-Bodfish Rd, which is always a. great ride. We bought Subs from someplace with a bit longer name and found a deserted campground on SR 155 between Isabella and Wofford Heights. Lunch concluded we soon were looking for the corner in Wofford Heights that would head us across 155 to Glennville. If you haven't taken this road it's really a low traffic exciting route to head towards Porterville. Let me explain, this was one of "Many" route swaps because of fires and it's a spectacular one.

As we came into Glennville we were looking for White River Road to link us to Jack Ranch road heading North and after following several smaller roads up past Posey we found a roadside map that told us that in order to make California Hot springs we would have at least 7 miles of never travelled by us dirt roads, so we diverted across several small roads to enter Porterville. With Tanks full we headed northeast on SR 190 in search of Balch Park road only to find it closed by additional Fires. So we turned around and went back to Strathmore and then on to Lindsey and eventually completed our day with our hotel arrival in Visalia at 4 pm. My bike showed 327 miles at that point but Ken had left San Clemente that morning so he was well over 400 miles at the hotel.

This morning we got up at 6 and soon we had gathered at the bikes for 7:30 am Start. Kickstands were up by then but we all topped off before heading up Plaza Drive to Avenue 328 heading east, the plan originally had been to go to 3 Rivers and do Sequoia and Kings Canyon National Parks first, and then take Hwy 180 to Huntington and Shaver Lakes, but Fires were destined to be against us we thought.

Please see Jerry, John, Tammy or Linda for forms to send in to GWRRA when you want to update your level or begin the Rider Education Levels Program

(Chart Available in the Clip Art Section of the Rider Education Website)

But a re-route had us taking Hwy 245 up to the Park. About 45 miles from the park, we started seeing road changes from flat San Joaquin farmland to rolling curves between small hills, then after another 10 miles it changed, first and not quickly noticed was we had this very heavy park access road totally to ourselves. Then we noticed we had brand new pavement on the same road and then suddenly the road was a “Tail of the Dragon” slaying, twisty road from heaven. We surfed this road at speeds as low as 20 MPH and no faster for most of the last 35 miles than 40 MPH we had pegs dragging on many, many curves. We had smiles on our faces that are still there hours after we left the road for the evening at the hotel and as absolutely incredibly mind blowing as it was, in 45 miles of curvy past no more than 10 vehicles going the other way.

Butler Motorcycle Maps rates this road as a secondary level riding road but with no cars, new tar and 2000 + curves because of the nearby fires it was the best riding “Everyone of us” had ever seen!!! Bar-NONE.

We got a picture just inside the park entrance of all 6 bikes and riders and then we had to turn around and take 10 miles of this glorious road back to Dunlap Road because of road closures inside the Park, Now at this point we were beside ourselves but Dunbar Road was very nearly the same Road conditions as SR 245, and when we joined SR 180 west-bound it was again nearly deserted we detoured through the little town of Piedra and back on 180 to the edge of Clovis where we got some sandwiches and then took SR 168 back to the Northeast and then to highway 41 Northeast to the town of Oakhurst. Finally, there we took SR 49 all the way to Angels Camp where we ate and are now in our hotel with me typing this article. Russ sent me the Picture taken in Sequoia which I plan to also send to the District and our home chapters so they can be added to the next Newsletters. Our bikes sit calmly outside waiting for the morning. In our hearts is the hope that the riding tomorrow across the Sierra’s and back will be close to the memories we now have of the absolutely stunning memories of the last 2 days. And amazingly we still have 12 more days of this adventure to ride and tell you all about. I have to say we all gave serious thought about giving up on riding because e of the fires but honestly it turned a awesome ride into the RIDE of a LIFE-TIME. Keep this in mind the next time a challenge is thrown in front of your ride it might be a GIFT FROM HEAVEN,.

Mike Rand
CA1V CD, and California District Asst Ride Coordinator.
