Herd

I have been sitting here in front of the computer trying to think of what to write in this article. Lois thought you might be amused on what I have done since this pandemic that I probably would not have done. Well I have washed and waxed my plastic fence surrounding the pool. I have sorted all the nuts & bolts that I have collected through the years and pressure washed, sanded and painted the facia boards on my two-story house. I have watched (tv doesn't go on until after 6:00 PM) all 97 episodes of star trek and am up to the 3rd season of Star Trek Voyager. I have gone back to our old Newsletters to see what we were doing back in July of 2000. We sure had a full calendar back then. Yes, I need help such as more rides, meetings, events etc. So I don't stay home so much.

Things are slowly opening back up. Hope it stays that way. The California District Director (Ralph) has been having zoom calls with the Chapter Directors once a month. In June our National Director Jere Goodman joined the zoom calls with us. Basically, GW is saying it's okay to do what local laws are allowing as far as meetings and rides. But it is the individual's decision on what they are comfortable in doing. We have a Chapter meeting scheduled for July 12th at the Pepper Steak Restaurant (normal time). For any reasons you don't feel comfortable in coming or the Doctor does not recommend it due to health reasons, please don't come. Let me know if you are or aren't coming as we have a limit of how many can attend. After the meeting I plan on leading a short ride to the mountains.

Mike Rand the Chapter Director from CA1V lead another ride leaving HYR going through Oak Glen, Idlewild and ending up in Julian. From that point we were on our own to go back anyway we wanted. I went back through Idlewild. Nice weather and ride.

Be Safe

Good day to all CA GW Riders.

Although I don't usually write articles for the district newsletter, I decided to do so at this time.

It is come to the attention of the District staff that group writing is not as not practicing all instruction provided during the approved classes.

A lot of our CA Riders have attended or taught the group riding course within the last 18 months. So, as a refresher, I would like to add a few reminders to be used on group rides regardless of the size of the group or the destination.

Each group ride contains a Ride Captain and a Tail Gunner. The Tail Gunner is actually the one in charge of the ride, as this person is responsible for letting the Ride Captain know that someone is behind or that the group is traveling too fast.

Additionally, although many of us enjoy the "Need for Speed," if a rider within the group is more comfortable riding at a slower pace it is the Ride Captain and the tail Gunner's responsibility to ensure that the group rides to the level of comfort of the slowest or least experienced rider. This is to ensure that although we want each rider to ride their own ride that in a group no one feels left out or abandoned.

Groups within a ride can of course be broken into subgroups, for those who want to ride fast and those that want to ride slow. However, it is the responsibility of the Ride Captain in charge of the overall group to ensure that there is a ride captain and a tail Gunner for each sub group and that the sup group ride captains know when and where the group will join up. It is of course expected that the group that arrives first will wait, as much as possible, for the additional group or groups to arrive before partaking in the events following the ride. For example, if you are going to lunch please wait for the others to arrive before ordering and eating your lunch and then leaving by the time the other group arrives. It would be a shame to lose any members or discourage new members from participating in our group rides due to their personal feeling of being able to ride their own ride. Therefore, I encourage all of you to take under your wings those who are new and those who ride slow. Encourage them and make them feel comfortable with in groups. Also inform them of rider courses to enhance their skill and comfort level. So, I would personally like to tell each and every one of you that I appreciate your compassion, your openness and you're continual ability to make each member feel as though they are special to GWRRA.

Please ride safe and ride in Comfort.

With gratitude I thank you for allowing me to speak my mind and know that I send my love to all of my GW members within the California District. God bless you all and God bless America

Robynn French,

CA District director

Be Alert!!

Be alert, we need more alerts! OK, you probably didn't get it so I will get to the point. The Goldwing Road Riders Association (GWRRA) has a mission statement that reads "Dedicated to our Motto; Friends for Fun, Safety and Knowledge, GWRRA Members enjoy the freedom of belonging to a not-for-profit, non-religious and non-political organization."

Back on November 23, 2019 a group of friends got together for Fun, Safety and Knowledge. Glenn Maness of CA-1M was able to arrange a "Motorist Awareness Day" at the Moreno Valley Mall. It was a great opportunity to show off our machines and gave us an excellent excuse to shine them up and add a few decorations to them.

Of course, the day began with food. We all know that GWRRA stands for "Gold Wing Restaurant Reviewer's Association". We met at the Farmer Boys in Moreno Valley, grabbed some chow and headed to the mall. Glenn was able to get us a large area in the Food Court for our display. Getting through the doors was a little challenging for a couple of the trikes, but Glenn just took a deep breath, grabbed a handful of throttle and shouted "Damn the torpedoes - Full speed ahead". Well his trike fits now!

Once inside the food court we commenced the setup. Tables and chairs were unfolded and set up. Banners were hung (no not by the chimney) and bikes were positioned. All in all we had nine Goldwings, four trailers, two trikes and two Can Am Spyders (and a partridge in a pair tree). The setup looked great and we were right in the path of hungry Christmas mall shoppers. Bring on the people!!

The mall doors opened at 9:00 AM and the place filled up quickly. Many of the adults came over to see what we were all about. We told them about motorcycles being difficult to see in traffic and asked them to keep a vigilant eye out for us while traveling down the road. Most of the visitors could not believe all the “stuff” we can cram into the small area we call

our ride. Cruise control, audio systems, intercom, reverse totally flabbergasted them. Who would have known?

The group that was the most fun was the kids. They loved being put on the driver seat and having their pictures taken. We even convinced a few of the adults to climb aboard. It was great and at one point I thought I had lost my mascot (ALF) to the cutest little girl. Fortunately, with a lot of sniveling, I was able to get him back.

Visitors came and went. Pamphlets were handed out. Jokes were told and before you know it, it was time to pack it up and head home. Cleanup was quick and out the doors we headed. It was a good day and I think we have a few more sets of eyes looking for us out on the roadway. Turning toward home I swear I heard Glenn holler “Dash away, Dash Away, Dash Away All”!

Yours truly,
Mike Douglas
