Jerry & Lois Cowan CA-1M Chapter Directors

After our April meeting Russ took us on a wonderful ride towards Idlewild. While going through the fun curves heading up the hill to Idlewild one of the riders was saying he felt like his tires were slipping around the turns. No one else was having this problem, when it was safe Russ pulled the group over and we checked out his bike. We checked the back tire, and all seemed good, as he was trying to take the bike off the center stand, he found that the steering would not turn. He found out he had left his trouble light in the steering tree which would not let the bike turn properly. He was lucky nothing serious happened. I am glad we took the time to check it out. After that we continued our ride to Idlewild, stopped at Hemet lake for a comfort stop and then continued towards Palm Springs for lunch, after a great lunch most of us headed back towards Idlewild.

Several years ago, National did away with the Chapter Educator. Soon they discovered that this was a mistake and brought it back as the Skill Enhancement Coordinator. Trent Reid has volunteered to fill this position. Since much of what we do is group riding, that will be his focus. Plus checking your bike out before a ride.

Below is an article Russ wrote about the ride on April 24th.

Saturday Ride to the Miniature Craftsman Museum in Carlsbad

We had a great turnout for the ride: 16 riders joined in the FUN = Bikes – Trikes – Cage.

CA-1M members were Jerry & Lois, Trent, Roger, Gary, LeRoy, Russ & Bear

CA-1Z members Randy & Maged

CA-1Q member & special friends: Bob on his Wing, Kevin & Judy & Louis on Triumphs, Dave & Jeff on Indians, and Greg on a Harley.

Riding in 2 groups with limited CB communications made for some interesting stops, but with the experienced help of Trent, Jerry, Gary & Roger the group safely made it to Carlsbad. The best part of the ride was going over Santa Rosa Plateau and across Sandia Creek to Fallbrook only one significant Moo turn required. The group enjoyed the interesting displays at the museum and discovered “input overload” within an hour – Too Much FUN! You just cannot absorb it all in one visit – even though everything is small, it is all amazing.

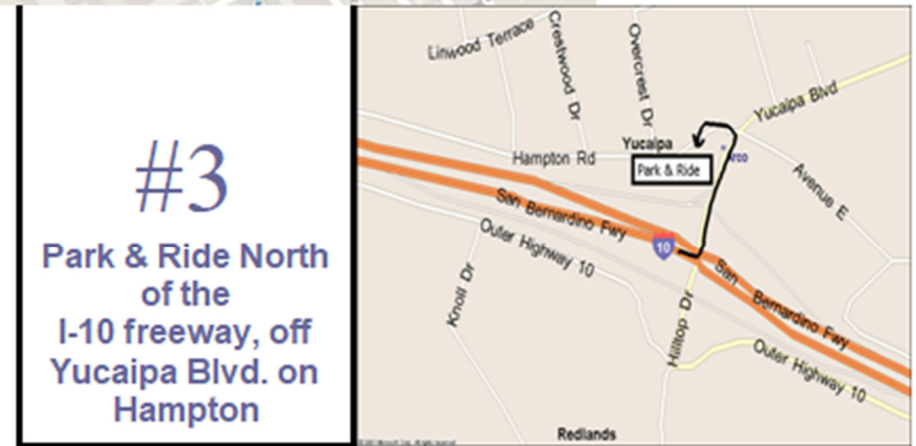

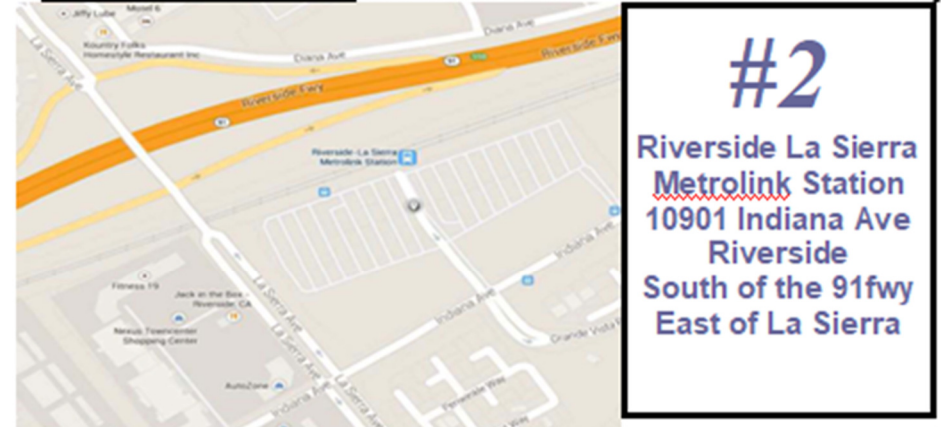

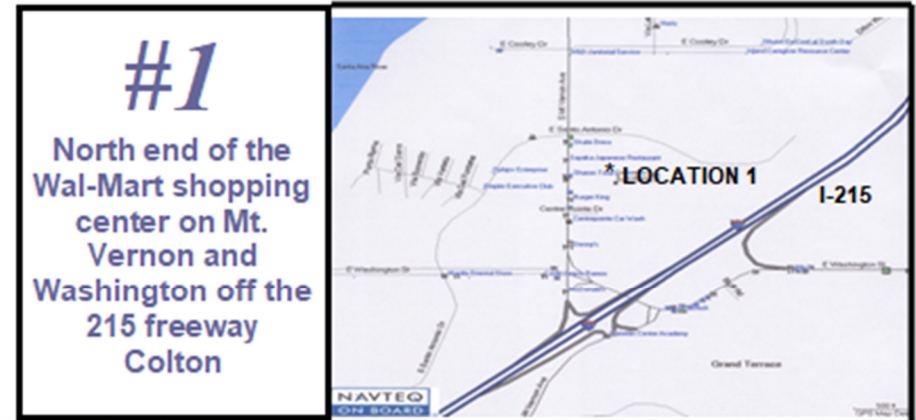

We stopped at the Oceanside Marina for lunch and confirmed that our society is getting over the COVID-19 lock down. Lots of people out enjoying the great weather and local restaurants – we spread out at various tables and all enjoyed some fish & chips.

We rode Hwy 5 North where the "OC" group kept going, and we and took the Ortega back to the Inland Empire for a great ride conclusion. Many memories were made, and lots of new friends. We hope they will join us again for more great rides.

Don't forget about the District Rally August 20 thru 22nd. Trent and I will be putting on an ARC (Advanced Riding Course) Plus there will be other courses such as TRC (Trike Riding Course) First Aid and other seminars.

Come Join Us For The Ride

Miniature Engineering Craftsmanship Museum. This is a relatively unknown, interesting museum that is only open Th – Saturday with something for everyone! Hundreds of mechanical items for the Engineer, and a room full of doll houses & furniture for kids (young at heart!).

One working small exotic car took 20,000 hours to fabricate – that is about 10 years working 40-hour weeks! Another is a miniature motorcycle made from watch parts and other items. The admission is free, with a donation box near the exit for those wishing to extend the helping hand. The original sponsor for the museum was the owner of a miniature lathe company – that makes sense!

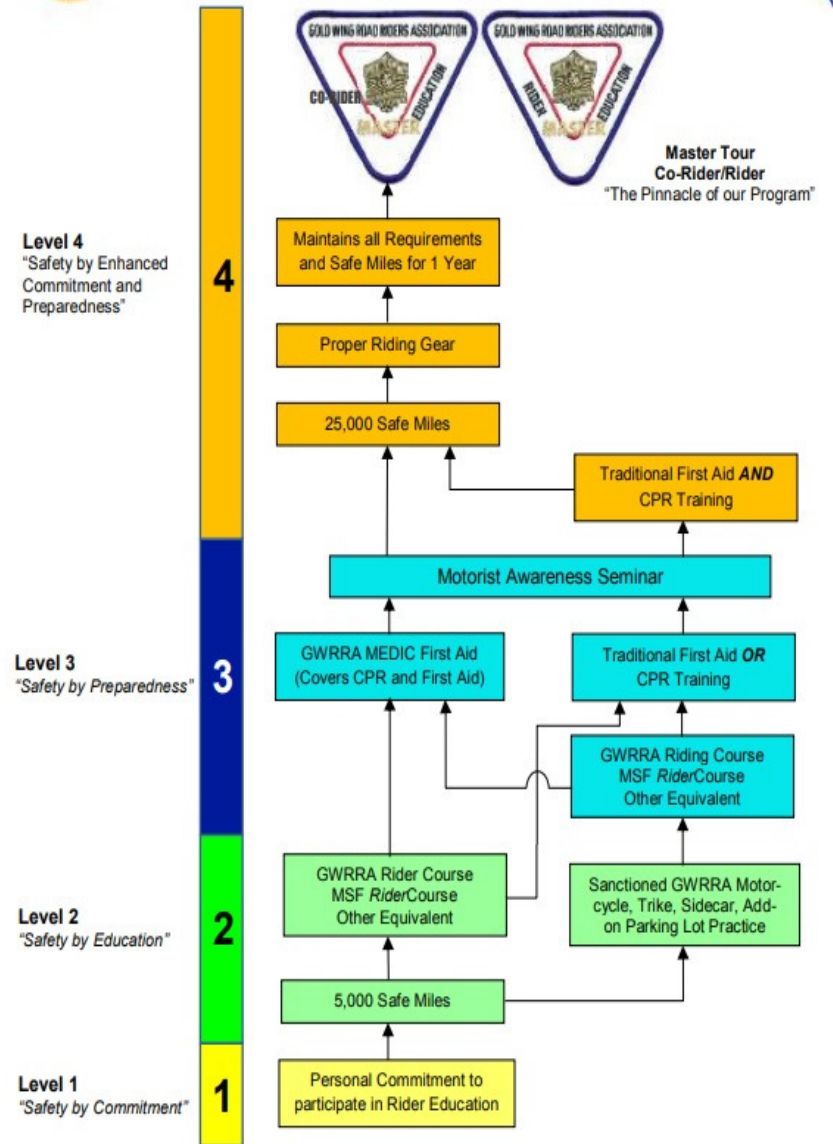

A great ride down to Carlsbad is planned, leaving location #2 at 9 AM, traveling some beautiful back roads on Santa Rosa Plateau and across the Del Luz area to Fallbrook, and on South to Carlsbad. After 1-2 hours (max) at the museum we can decide on lunch at either the German Deli “Tip Top Meats”, or a visit to a restaurant at Oceanside harbor (lots of selections).

Robynn and I are currently in New Mexico. However, by 15 May we will be in Missouri for approximately four months while our house is being built. We will be at Wing Ding in June and at the district rally in August. We also want to inform you, the CA Members, that as of June 1 Flip Morton will be officially sworn in as your California District Director. Finally, it is with extreme gratitude that Robynn and I want to thank you for allowing us to be your District Directors for the last two and a half years. We have made a great many friends. We also want to say Thank You to our phenomenal group of officers and staff members who supported and blessed us in every way possible. You, the CA members made us look good. You educated us, questioned us and overall made us accountable to each of you. Our district is one of a few nationally that continued to grow despite the pandemic. Your individual and group dedication to GWRRA is a credit to each of you. In closing, Robynn and I are proud of all of you for making CA a successful District. We are proud to have served as the District Directors of such an incredible group of people. With undying gratitude in our hearts

DD Thoughts

Congratulations California district. We have officially reached motorcycle riding season. We don't know about the rest of you, but May got here awfully fast. As we all know, the pandemic restrictions are slowly but surely lifting. As such, we are now free to socialize, have rallies, with some restrictions and basically be together in general. Please be sure to determine your county's policy before group events. So, now is the time to gather your chapters, your groups and your friends. Gather anybody and everybody you know who likes to ride. Having said all of this, we would like to remind you that in addition to chapter gatherings and rallies, the district Rally is coming up.

The rally will be held in Visalia California, August 20- 22. If you have any questions regarding the District Rally, please contact Flip Morton. And don't forget Wing Ding June 29 to July 4 in Springfield MO.

April after Gathering Ride Notes)

Ride to Santa Rosa & San Jacinto **National Monument Visitor Center** (Palm Desert)

Sub-title: You don't always get what you want!

COVID-19 closed the Visitor Center, but we found another get location to visit: **Civic Center Park Palm Desert; Steve Johnson of CA-1C** even made a special trip prior to our ride to re-view the park for us to verify it would be a nice comfort stop and educational as well (Holocaust Sculpture Park) – **Thank You Steve.**

10 Bikes & Bear in a Cage started the ride (Russ, Norm, Gary, Roger, Mac, Nick, Carlos, Trent & Jerry); a few minor issues on the freeway ride and a mechanical issue on the steering on one bike did not stop the **FUN** (although probably generated one soiled "depends"). After all the initial issues were behind us, the ride was fantastic (the 243 Hwy going through the mountains to Mountain Center and taking the Palms to Pines Hwy to Palm Desert). We picked up one additional rider (Randy) along the 74, after 2 riders peeled off near Banning. We had a great view from the turnout on the road to the valley floor = smile everyone. The park was wonderful, and impressive out in the desert. The lunch at Babe's BBQ was good, but not as great as my memory recorded – maybe wait another year to get the prior cook back.

A great spring ride – Hope you can join us next time. You can't create memories if you don't participate!

Action Request: Please share **your great riding memories** with me so we can duplicate some **old FUN** – you know what you like.

Jerry, please feel free to send this info to all our chapter and to all chapters in the GWRR across our nation.

To all, for years now, I have been looking for an alternative to prevent spending \$900.00 to \$1500.00 for a Honda Goldwing CB radio.

Thanks to Sena technologies I found a way. Yet it may not be for all. However, with this set up using the Sena 20s Evo and above you can use bluetooth communication up to nine riders, listen to your music, gps and being able to hear and speak via CB radio.

For Honda Goldwings 2018 plus, you have to be ok not using the Apple CarPlay. Unfortunately Apple CarPlay interferes with the CB radio.

You must be willing to have the Sena unit attached to your helmets with inside speakers and microphone.

Also there are 3 other components that you will have to buy to be able to have this set up.

These Sena products can also bought at WWW.Sena.com

Greeting from your District Motorist Awareness Coordinator

Whenever you stop for fuel, take a comfort break, or just get something to eat will be a perfect opportunity to talk with the motoring public about: Looking for Motorcycles. This is the perfect time to discuss Motorcycle Safety as they notice your bike and make some type of comment. My experience has been they want to talk about motorcycles and you can discuss your experiences. Hand out Motorist Awareness Brochures and if the motorist is a rider, give them the GWRR brochure, Education and Rescue Plus Brochure and the 4 Free Month Trial membership. GWRR has a lot to offer and maybe this is the organization they are looking for.

I was searching the internet and found this on Motorcycle Safety: Traffic Safety Marketing web site and wanted to share this with you. GWRR is not the only organization promoting Motorist Awareness,

Motorcycle Safety: Motorcycle Safety “**May is Motorcycle Safety Awareness Month**” **National Ride to Work Day - May 21, 2021**

“Motorcyclists have the same rights and privileges as any other motor vehicle operator on the road. Our three major campaigns include: Motorist Awareness of Motorcycles, focusing on helping motorists understand standard motorcycle driving behaviors and to learn how to drive safely around motorcycles on our roadways. Rider Safety, focusing on the ways that motorcyclist can increase their riding safety. Share the Road, focusing on promoting motorcyclist awareness and safety to both motorcycle riders and motor vehicle drivers. Stop Impaired Riding, focusing on saving lives of those who make the wrong choice to drink and ride”. Page 19 of 24 May 2021 Volume: XIII Issue: 05 Don’t forget to check out the California District
I hope you found the above interesting and helpful for promoting your Motorist Awareness Program within your Chapter. This is something you may wish to share at your next gathering and start a discussion about your next Motorist Awareness event. Dates to remember 2021: May – Motorist Awareness Month May 8, Motorist Awareness Day August 10, National Night Out. I recommend the above dates be placed on your riding calendar and planning agenda. Please plan a Motorist Awareness event for May, preferable on May 8, 2021. You could do an event at your local farmers market, local Honda Dealership, rest stop, shopping mall or wherever there is pedestrian traffic. National Night Out is 4 months away and now would be a good time to check with your local Chamber of Commerce or City Counsel and see what they have planned. Maybe you could reserve a spot to set up a Motorist Awareness table, motorcycles display and hand out brochures. In closing, I hope the above information has been helpful. Please contact me if you have any questions or concerns. I’m just a phone call, email or text away. Safe Riding Look Twice - Save a Life Look for Motorcycles

After Gathering Ride May 2 – Creating Memories / CA-1M Mountain Lakes Ride

We had a great turnout for the mountain ride with 16 members & guests lining up to enjoy the day; we split into 2 groups with Carlos taking the lead as the Road Captain, with Ken (1Z), Nick, Mike (1V), Eric & Darren, and Russ as the tail-gunner for Group 1. Jerry was Road Captain for Group 2 with Norm, Mac, Roger, Bob & Dennis (1Q), and Patrick as Tail-gunner for group 2. We are fortunate for have Bear in a Cage following us!

It is important to note that Carlos made a significant financial investment to add the CB option to his 2018 Wing – he wanted to be able to communicate with all his GWRRA friends on the rides and be able to be a Road Captain to share his favorite rides; his investment paid big dividends today.

The ride up the mountain provided some real changes in climate ranging from low clouds, to fog, to fog with lots of moisture, to sunshine & warmth. The mountain rides are always fun with sweepers & twisties, and the views were extra special with the white clouds below the mountain giving the impression of a giant white pillow over the whole valley! The ride was well planned with comfort stops and a genuinely nice early lunch at Papagayos in Lake Arrowhead. The restaurant provided us a private corner space to allow us conversation space without annoying other customers – lots of discussions at the lunch regarding favorite ride (some coming to you in the future).

Several members departed the group along the route to take advantage of the ride and still meet other family commitments – come and join in the FUN / schedule what works for you and share what you can! The ride ended at the junction of the 138/15 highway at the McDonald's, and everyone congratulated Carlos for a great ride: FUN with Friends! See YOU next ride.
