Herd

October 2nd sure brings back memories for me. I joined the Army in 1969, Went to Vietnam in 1970, left Vietnam and met Lois in 1971, started work at TM Cobb Co. in 1972 (worked 45 years).

Oh well, enough with memories. Speaking of memories in regard to the after-meeting ride in September. I lead Eric, Mac, LeRoy, Patrick, Bob (new guy) and Trent through the mountains on our way to Peggy Sue's in Yermo. Weather wise it was great going there, a little warm on the way back, but not too bad. Good ride overall. Russ led a middle of the week ride on September 21st, to the Sunrise Highway near Julian. Great ride, several roads I have not been on plus there was very little traffic.

The next after meeting ride will be to Idlewild.

At the end of this year Lois & I will have served five years as Chapter Director for CA1M. We are stepping down as CD's. So far no one has stepped up to take over the Chapter. If no one takes over as CD the Chapter will close at the end of this year. Please see me if you are interested or have questions.

Below are suggestions on Group riding.

Be fueled and ready to go. Make sure you are physically and mentally ok for the ride.

Ride within your ability. If the guy in front of you is faster in the corners than you are, do not worry about it. The leader has contact with the tail-gunner and will pull over and wait before he makes a turn.

Stay in your track when turning. For example, if you are in the left track and making a right-hand turn, stay in the left track, otherwise you cut off the guy behind you. Same goes with making a left-hand turn. Stay in your track.

If you are single file and coming up to a stop sign, go staggered (which allows us to get through quicker) then go to single file when you are through the stop sign.

If you are leading and taking off from a stop sign, go much slower than usual. It gives the guys behind you time to catch up.

Be careful while riding. As you know more and more people are on their phones and not paying attention.

CA-1M Newsletter - October

Ride Coordinator: Russ Johnson

Fall is Here! The final 3 months of 2021 (the best weather of the year!)

We are closing in on the final quarter of 2021 – the year we hoped would be the end of COVID / maybe next year!

Stay Safe: *stay outdoors* with a breeze, stay *6 feet apart*, and wear a *face covering*!

That *defines riding our Wings* exactly = **let's go ride!**

Our weather is cooling and we have more options for rides into the high & low desert; we have our final chances to ride the mountains before the real cold & snow limit our options. This is the best time of the year to ride – all **you** Road Captains / **action:** think of your favorite ride and pass it along to me (let's share the FUN), no requirement to lead the ride, just share your favorite ride – the following is one of mine.

The Last Ride of Summer: 9-21-2021 / one of my favorite rides = Sunrise Highway (S1)

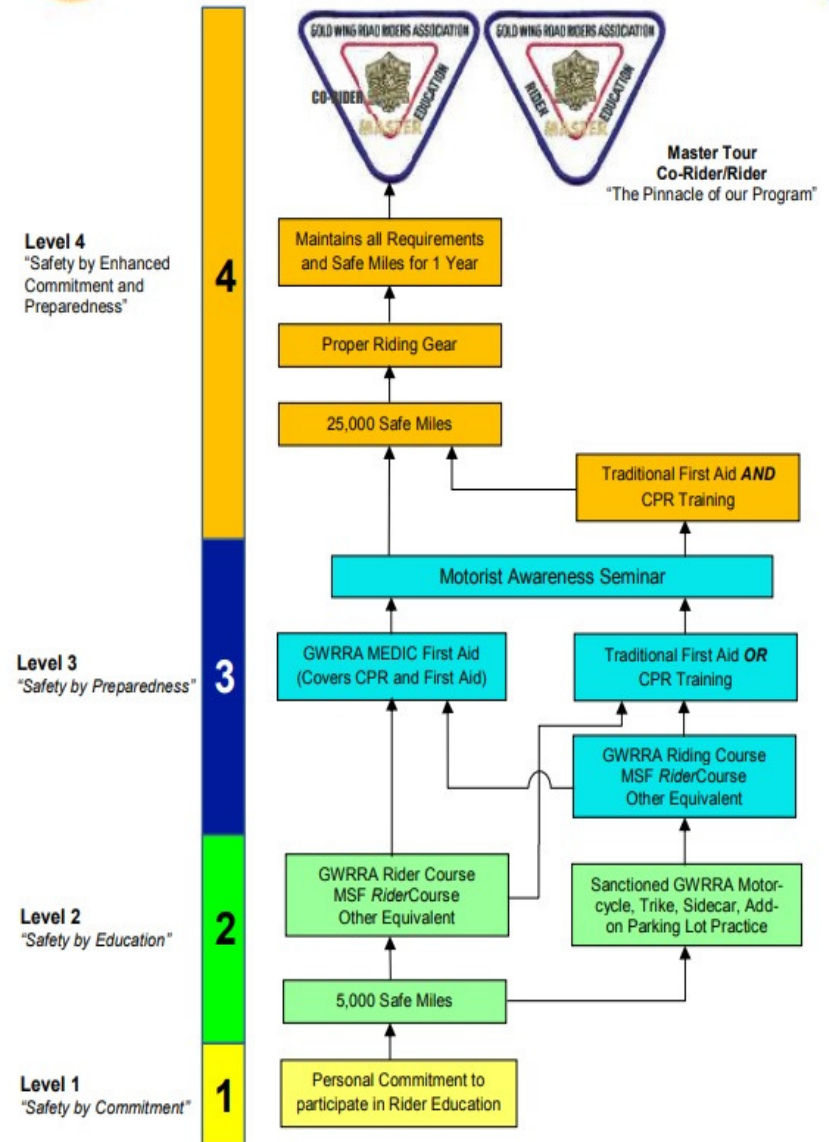

7 Gold Wings and 1 Spyder got together on Tuesday for the final Summer Ride – a great 220+ mile ride from Perris to the Sunrise Hwy (S1) and back on Hwy 79 for a breezy lunch on the patio at Lake Cuyamaca! **Too much FUN! You can't create memories if you don't participate.**

Russ led the ride but needed communication support for the first part of the ride so **Jerry** took over the lead while **Trent** was Tailgunner. **Roger**, from OC, was in the group along with **Carlos, Mac & Norm**. We picked up **Darren** on his new Spyder from Temecula while riding the route: we had lots of "new generation" equipment on this ride – everyone is committed to riding and getting the newer machines, even though the existing Wings never seem to wear out.

Please see Jerry, John, Tammy or Linda for forms to send in to GWRRA when you want to update your level or begin the Rider Education Levels Program

Check and Track Your GWRRA Rider Education Levels

Recently, GWRRA National has made it possible for all of us to be able to track our Rider Education Levels status, riding courses and seminar information. This site allows you to only see your information but does not allow you to change or add to it.

To access your information, go to the GWRRA National website (GWRRA.org), and then click on either Officers or Programs from the blue menu bar to see a drop down menu. Then click on Rider Education. On the left side of the Rider Education main page you will see a button for "My R.E. Information". Click on that button to access the log in page.

To log in use your membership number as the user name and the numbers of your home address plus your membership expiration date (MMYY) as your password. After clicking on submit, you should be able to access the information for anyone on your membership number by clicking on "View" for each person.

Please contact us if you have questions or problems accessing your information. If there are any corrections that need to be made, please notify us via e-mail and we will forward the information on to our District Educator for correction.

A great retired riders tour on 9-28:
Chapter CA-1V has been inviting some of the retired Wing riders from around Southern Cal to join them on their special rides.
3 Wings from 1M (Jerry, Carlos, Russ) traveled to Hesperia to join 4 Wings from 1V (Jim, Bill, Buddy, Dave) at a large breakfast event (19 people) followed by a 150 mile tour around the mountains and over to Soledad Canyon, Bouquet Canyon Rd (and lots of other roads - I was lost); 3 of the 1V riders were joined by spouses on the ride (Wow & thank you ladies for a great day)! I would call this trip a "Banana Boat" ride since we were led & followed by beautiful Yellow Wings - high visibility at all times! Cool fall weather made for a wonderful morning of riding - thanks again for the invite!

The Last Ride of Summer: 9-21-2021

7 Gold Wings and 1 Spyder got together on Tuesday for the final Summer Ride – a great 200+ mile ride from Perris to the Sunrise Hwy (S1) and back on Hwy 79 for a breezy lunch on the patio at Lake Cuyamaca! Too much FUN!

Russ was trying to lead the ride, but had the ongoing issue of not being able to communicate on his new Sena Bluetooth CB system (Trent offered that his magnetic personality was interfering with the electronics – that might be true). Jerry took over the lead while Trent was Tailgunner. Roger, from OC was in the group along with Carlos, Mac & Norm. We picked up Darren on his new Spyder from Temecula on the route and were enjoying a beautiful ride with a comfort stop at the Sunrise Pass Market where Carlos assisted in getting Russ into the "21st Century" with his electronics skills (too many computers in the system: Wing – Phone – Sena all competing to run the system). His expertise got things working for this ride and I hope for the future as well.

We stopped along the Sunrise Hwy to take a quick photo, and complain about "the people" that deface public signs / we wonder what happened to "respect & decency" – both in short supply today. The breezy lunch on the patio provided a very nice comfort stop, where Trent headed out on his own. The group headed back on the 79 to the Mesa Grande cutoff and enjoyed some additional curves before refueling at the La Jolla Indian Reservation on 76, and heading home in the lowland heat (105 if anyone is wondering).

Now that Fall is here, we can expect improved weather for our rides – please join us and have some FUN with the "Wingers"!
