## Newsletter Policy

Chapter CA1M's newsletter is distributed free of charge to GWRRA members or GWRRA boosters who participate in the Chapter activities. The newsletter is also distributed free to all advertisers and certain motorcycle related businesses or interests. After four months of non-participation as determined by the Membership Chairman, Newsletter Editor, or the Chapter Director you may be removed from the mailing list. You will remain off the mailing list until you participate again, or you make other arrangements with the Newsletter Editor or Chapter Director.

Remember, the newsletter is what we make it. Please submit articles that you think will be interesting or informative to other chapter members. The articles may be about your favorite ride, bike accessory, or just a funny story relating to motorcycling.

All articles submitted may be edited at the discretion of the Newsletter Editor, depending on the space available. Controversial subject matter may not be submitted. The Newsletter Editor is human and may from time to time make mistakes. This is not cause for ridicule. We are all volunteers and do our very best.

Please submit your article by email to the Newsletter Editor by the **22<sup>nd</sup> of the month** to be in the next month's newsletter. Material in the newsletter may be reprinted without permission.

**Trent Reid**  
**CA-1M Chapter Directors**

Hello All,

This month's article will be done a bit in advance of our District Officers Meeting in Jan.

I mentioned that we as a chapter will be offering more riding opportunities during the months ahead. Tell your friends and perhaps bring them along to our meeting, or perhaps a ride. Not every ride is for everyone, but all rides are open to those whom are curious and willing and able to ride with a group that, I believe to be one of the best team/group riding in the state. After our meeting in Jan. Russ took about 13 bikes and a cage to the Motte Historical Car Museum on hwy 74. We were met there by 2 other bikes as well as the Tegals came to join us. Among the group we had a number of visitors from the former CA1Q chapter join us for the outing. The Mottes were there to give us a personal tour of the place as well. Mrs. Motte told me she had run this site, a former produce and candy shop, prior to turning it into a car museum. She also along with her husband informed us that every car in the museum was currently registered and legal to drive on the road. They actually do weddings at the place, and they have to drive all the cars to a warehouse a few miles away for storage, and then drive them back. Upstairs they have a very nice display of a lot of the history of the entire valley. Afterwards most of the group went to lunch and off on various directions.

**GREAT JOB RUSS, and THANKS**

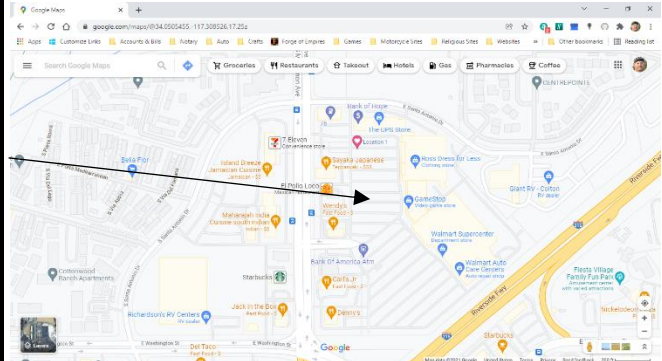

Next month there will be more information on poker rides, rallies, along with changes and directions that the California will be aiming to achieve in the coming year.

## FEBRUARY:

### A Different Kind of Month

For many of us by the time February arrives, our bikes have been put away and we have had more than enough of winter. Even with heated gear, weather conditions can reduce our likelihood of riding. Bundled up like the Michelin Tire Man is not for everyone. As winter continues to roll along, let's take a look at some interesting facts pertaining to the month of February.

February, the second month of the year in the Northern Hemisphere, is usually considered the last month of winter. Most notable is that it has 28 days except every four years when we have a leap year consisting of 29 days. Ironically, in the Northern Hemisphere, February is a winter month while in the Southern Hemisphere it is a summer month. It is also one of the most frequently misspelled words in the English language when the first letter "r" is left out and it is incorrectly spelled "Febuary."

On a rather humorous note, it's the month for a lot of other causes, too. February marks American Heart Month, along with some other "months" you might not recognize: Canned Food Month, Grapefruit Month, Hot Breakfast Month, and Return Shopping Carts to the Supermarket Month. We typically think of the known days associated with this month, Groundhog Day, Valentine's Day, Presidents Day and, of course for football fans, the Super Bowl. For us as motorcyclists, Valentine's Day may be the most important day of the month. It is estimated that we spend more than 18 billion on gifts, chocolate and more. As a motorcyclist, what a wonderful time of the year to think about "safety chrome" as a loving gift. Perhaps your spouse or significant other would love some additions to their riding wardrobe. A new jacket, boots or chaps always bring a smile to the special Valentine of yours. As proud Members of our association, the GWRRA store can assist you with many of your Valentine's Day gift ideas. If by some chance you are thinking on a larger scale, perhaps a new bike with a dozen roses on the seat is a special expression of love.

Hopefully, you now have a different appreciation for what February offers, especially as we look forward to March 20 and the first day of spring. Shed those "winter blues" and think about the wonderful motorcycle travels that lie ahead. This is an excellent time to plan your Wing Ding Travel to Shreveport, Louisiana. Talk to your friends and make those plans together. There are always special memories to be made when you travel as a group and participate at an event as a group. Take note as the calendars start to fill up with exciting happenings throughout the year. Plan for a rider course to improve your own skills. Keep your MFA certification up to date in case you ever have to make the difference in saving someone's life. Look for informative University presentations taking place at rallies or other scheduled event days. Make February "a different kind of month." Ride Safe, be well and remember, *fun shall be the last word* – so HAVE FUN!

### **February Newsletter – Riders = Friends / Fun / Safety / Knowledge**

The **After Meeting Ride (AMR)** last month was great fun – a back road ride and then meeting dynamic people at the Motte Museum / Leon the owner and Maria the manager (**free donuts & coffee** were the bonus) along with some interesting videos: **Thank You!**

We had a nice turnout of riders, so we went in two groups: Roger Taylor was my Tail gunner on group 1 with Ken W. from Oceanside, Bob Carbray from SD, Janieta V., John F., and Bob M. from OC, and Gary G. from 1M. Group 2 was led by Jerry with Trent as Tail gunner and Eric, Mac, and Patrick riding with Bear trailing in a Cage. We met Norm & Fred at the museum and were also joined by Sherrie & Larry (what a great group!). **Great friendship** and wonderful riding – **Too Much FUN. Let's Do More!**

Can you find your favorite car in the limited museums photo's we are posting?

**February - Short month / long rides hopefully:** Trent has committed to focusing the chapter on **riding more and sharing our FUN** with other Chapters. My wife, Georgina, continues to recover from her “broken bones” and I hope to be able break away from home to lead more ride soon: let's move forward with great friends, and enjoy the rides & social activities in GWRRA! I'm looking forward to **creating more new memories** with you in the near future / if you don't participate, you can't create memories.

**Where to ride** is always a question – everyone has a slightly different favorite way to ride, so we need to add more variety to our routes to make more **members smile**. It takes all chapter members to contribute to developing activities to create the FUN – what is your favorite after meeting ride? **Let's go do it!** I will be asking every chapter rider what your favorite after meeting ride is – let's share our knowledge & smiles.

**See Ya at future ride!**
