Can you believe that we had two experienced riders drop their bikes on a dinner ride. The ride leader was coming to a stop sign where he started rolling backwards and dropped his bike along with his wife. I was to the right of him, I got off my bike to help him in which I noticed the bike was not on a very good lean so I asked Lois to lean to the left. Once we got the leader back on his bike I went to get on mine. As I sat on the bike Lois straightened up and I lost my footing on my right side. The bike fell all the way over breaking the mirror and scratching the saddle bag door. Fortunately several people were still off of their bikes and helped us get up. We were a little bruised but otherwise okay. Expect the unexpected you never know when things are going to happen, wear your gear all the time.

After our meeting I led a group and headed towards Peggy Sues in Yermo. After going East on 138 then we headed north towards Hesperia we ended up on route 66. Along the way we stopped at Elmer Longs Bottle Ranch. When Elmer was a kid (in his late 60's) his dad and him used to go camping in the Boron area. They discovered an old dump site from the 1800's with antique bottles and other neat junk. So over the years they collected the stuff. One day Elmer decided he was going to make metal trees and hang the bottles then put odd stuff on top such as old typewriters, bikes, old guns, signs etc. Something you don't see every day. It's worth the time to stop and see.

At our meeting I brought in Toyota our Cow Mascot for a visit. Soon after the meeting started Toyota disappeared. I received an e-mail stating that the Zebra's had stolen him from us. They say Toyota is having a good time with their herd and we will get him back at CA1R's Rally. Anyone willing to be Toyota's body guard at the next meeting please let me know.

In April we have CA1A's Rally on the 22nd in Lancaster and CA1Q's Rally on the 30th in Buena Park. Let's register early and support these Chapters.

On the 8th of April I am leading a ride to visit Chapter F. Get out and ride you might find areas and roads you have never been on before. Lois I went on John's breakfast ride on the 26th to Flabob Airport. He took us on several roads I have not been on, plus I have never been to this Airport and I have lived around here all my life.

The last of February and most of March found Bob & I very busy, deep in construction. There was a short break between rallies and events, so I decided to gut our master bath, removing wall to enlarge our entrance, and of course then the bedroom needed a make-over to match. New shower was tiled; floor tiled, new fixtures, lights, vanity refinished and new marble countertop with sink. Instead of helmet hair, I usually had plaster or sawdust hair. I even had green hair for St. Patty's day (a little painting gone messy). I'm almost done, just waiting on glass for the shower and a few decorating items. Just in time for a wonderful combined ride with CA1-I and NV-A, Rally in the Valley, and 40 to Phoenix. Looks like riding time has come again.

We took a break from construction and surprised CA1-L with a visit to their gathering. We enjoyed riding with them to Ojai through some gorgeous mountain roads, had a great lunch, and a nice ride home. Other than leaving home at 4:30AM, the day was wonderful...all 14 hours of it. The combined ride of CA1-I and NV-A (Vegas Wings) was amazing...2 FUN filled days of riding, eating, laughing, and eating. We took a tour of the bottle farm, the Borax museum, an Aerospace museum (all very interesting), had a FUN lunch at 20 Mule Team Café, and enjoyed riding back roads in small groups. The dinner Saturday evening at Idle Spurs was fantastic, topped off with great prizes. A BIG THANKS to Kent Marscheck (NV-A) and Dan Morgan (CA-11) for arranging this great inter-chapter event...and thank you for inviting us.

It is wonderful to see and hear of all the activity going on in California. It warms my heart to see chapters riding and having FUN together and all the combined chapter activity. For a mother, it is wonderful when you see your children playing together, enjoying each other's company, and supporting each other (especially as grown children). California chapters.....you have done this Mama Bear proud. We couldn't be more excited.

April is being ushered in with the Rally in the Valley, followed immediately by 40 to Phoenix. Bob & I will be there to welcome the riders from across the nation and Canada, as we have riders that come from Nova Scotia each year. Ending the month is CA1-A's rally, April 22nd, and CA1-Q's rally the following weekend April 30th. Make sure you come out and support them.

April also gives us the Easter holiday, a time for rejoicing. May you enjoy friends and family, egg hunts, jelly beans, and chocolate bunnies. Spring is a time of new life and reflection...new friends, new rides, more opportunities for FUN.

RIDE SAFE... and LET'S RIDE!

Bear Hugs,

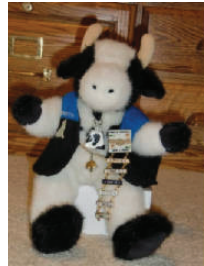

Nancy & Bob Clark

All The Gear All The Time

I know that being an All The Gear All The Time (ATGATT) rider can be kind of a pain. Yes, riding jackets and pants can be pretty warm; particularly if you're in a lot of traffic. However, the new mesh gear allows substantial air flows and it provides more abrasion protection than jeans and WAY more than you get from a short sleeved shirt or tank top.

You see them a lot during these warmer months. They're on cruisers, sports bikes and, yes, even GoldWings. You might even be one of them. Who am I talking about? I'm talking about all those riders out there in their short sleeved shirts (sometimes tank tops), and fingerless gloves (or no gloves at all). Sometimes they wear jeans but I've seen them in shorts with sneakers on their feet (I've seen them in sandals too). Sometimes they wear helmets; sometimes not. Most of the GoldWing riders do wear helmets; maybe because we can hear the radio and intercom better.

I'm sure you know the excuses too. There's the, ever popular, "It's too hot to wear all that stuff." I hear that one a lot. Then there's, "All that stuff is too restrictive." That one's pretty common. I've even heard, "I'm a good rider, I'm not going to crash." Say whaaaat?

I know that full-fingered gloves can be restrictive but they aren't as bad as having your hands wrapped in gauze. Try buttoning your shirt with your index and middle fingers wrapped in about 6 layers of gauze if you want to see what restrictive feels like.

Yeah, boots can be hot but a stone kicked up by the car in front of you can break your toe. Casts are really hot, itchy too.

Lastly, I seriously doubt that crashing their motorcycle is on anyone's "Things To Do Today" list. Let's see: "Go to the Post Office. Drop off the dry cleaning. Crash the bike." Somehow I don't think so. While you may not plan to crash, someone out there probably didn't get that memo.

Remember, asphalt is unforgiving. It doesn't care that the weather is hot, or how well you can ride. You should always DRESS FOR THE SLIDE, NOT FOR THE RIDE.
