Jerry & Lois Cowan CA1M Chapter Direc- tors

Hope everyone enjoyed Christmas with family and had a nice New Years. December we had several Dinner rides plus 41 members showed up at our Christmas Party. Dianne, Lois, Denise, Tracey and Suzanne did a great job putting it together. With all kinds of interesting games and as last year we found out more about our friends with the “What was your First or Worst job question.”

As we have discussed before GWRRA has made some changes for next year such as no Region Rally and no Chapter Educator. We now have a Ride Coordinate Officer and an Assistant, which I will announce at our meeting in January. Also because of the cold weather and low attendance on our dinner rides, we are only having our dinner rides every other week and will discuss when things warm up if we change back to every week. John is still going to do his breakfast rides and he has planned several overnight rides

We have several rallies coming up soon. Chapter I's Rally on the 10th of February and Chapter R's Rally in March. Be sure to sign up.

In March, Glenn has set up miniature Steam Train rides for us again. So if you're not going to R's Rally this can be an alternative. We have use of the train half the day, bring your grandkids and a picnic lunch for a day of fun. Last year we had about 5 other Chapters come to join us..

Come join us for the ride.

By the time you read this we probably will be in the new year of 2018...a year of changes and opportunities. Bob & I hope you had a wonderful holiday season with friends and family close around you. We will begin our adventure this year at Officer's Conference where we will come together and learn about how our focus will be on fun and riding. Hope you will be joining us.

We will not be submitting an article monthly to the chapter newsletters after this month. Quarterly you will be receiving a District Newsletter along with all GWRRA members, but please feel free to contact us anytime with questions, concerns, or just wanting to visit. We love to hear from you.

With that being said, Bob & I wish you a wonderful new year of fun and adventure as we travel these roads together. Look forward to seeing you out and about.

Hugs,
Nancy & Bob

Precision Riding with a Flair!

Tigger Swing? Infinity? Roger's Mix? Diamond Burst? Any ideas as to what these are? Well up to a couple of years ago, neither did I. Then while attending the 2015 California District Convention in Bakersfield, I was asked to operate a camcorder and record the performance of some group of Goldwing riders that called themselves the "Gold Angels Precision Motorcycle Drill Team". OK I said, but what is a precision motorcycle drill team? Merriam-Webster defines a "Drill Team" as an exhibition marching team that engages in precision drill. If you substitute motorcycle for marching, you get the Gold Angels Precision Motorcycle Drill Team. A team consisting of several motorcycle riders and performers demonstrating incredible precision maneuvers on Honda's luxury touring bike, the Goldwing. Think of it like what the Thunderbirds do in the air, the Gold Angels do in a parking lot.

So how did it start you ask? In 1999, a group of Goldwing riders from Southern California decided to watch the Arizona drill team perform at a motorcycle rally. They were so impressed that they convinced the Arizona team to show them a few drills and maneuvers. Being instantly hooked, the California riders decided to form their own motorcycle drill team. Thus, the Gold Angels Precision Motorcycle Drill Team was born some 18 years ago. Some of the founding (Charter) members are still actively participating today.

That first year the team grew to 10 riders and they held practices twice a week to hone their newly discovered skills. During the 1999 California District Rally in Bakersfield some of the AZ drill team showed up and joined in on the performance. That was similar to pouring gasoline on a fire. They were seriously hooked and wanted more! In 2004, the Gold Angels were personally invited to participate in the International Drill Team competition held in Nashville, TN. The team performance was so impressive, they received a standing ovation for two new and innovative formations. That always looks good on the resume!

The Gold Angels are a "Not-for-Profit" organization and never charge for a performance. Since its inception the team has focused on fundraising events such as the San Diego Toy for Tots, Elko Motorcycle Jamboree and Camp Pendleton's Motorcycle Safety Days. Many of the GWRRA chapters request the Gold Angels to

perform at their individual rallies. The team also performs at many district, region and national events along with some local community events. Each team member is a volunteer and responsible for the costs associated with his or her motorcycle. These costs also include all travel expenses incurred during a performance and all practices. These riders do it because they truly enjoy it.

So, what lies ahead for the Gold Angels? In February, they will be performing at CA-II's Valentine's Ride. March finds them at CA-1R's Rally in the Valley. Contact the Gold Angels today about performing at your chapter event!

For more information on the team visit them at www.goldangels.com or find them on Facebook. If you are interested in becoming a sponsor or making a donation, feel free to talk to a team member or email them at: contact@goldangels.com Stay tuned! In the upcoming month's I will be introducing each of the team members.

Michael R. Douglas
