Newsletter Policy

Chapter CA1M's newsletter is distributed free of charge to GWRRA members or GWRRA boosters who participate in the Chapter activities. The newsletter is also distributed free to all advertisers and certain motorcycle related businesses or interests. After four months of non-participation as determined by the Membership Chairman, Newsletter Editor or the Chapter Director you may be removed from the mailing list. You will remain off the mailing list until you participate again or you make other arrangements with the Newsletter Editor or the Chapter Director.

Remember, the newsletter is what we make it. Please submit articles that you think will be interesting or informative to other Chapter members. The articles may be about your favorite ride, bike accessory, or just a funny story.

All articles submitted may be edited at the discretion of the Newsletter Editor, depending on the space available. *Controversial subject matter may not be submitted.*

Please submit your article by e-mail or typed letter to the Newsletter Editor by the 19th of the month to be in the next month's newsletter. Material in the newsletter may be reprinted without permission.

CA1M Chapter Director

Holy Cow!

Where has the summer gone? Many of our herd members have been on the move this summer blazing trails across the country to that awesome vacation destination or just grazing here at home. Some of you even made it to the great cow state of Wisconsin for "WING DING". Many of you have asked "where is our MADKOW2 fearsome leader? She's been MIA for some time now! Has she gone astray or been taken by cattle rustlers?" Well... to be honest the summer started out on the wrong foot for myself. COW DOWN is one way to put it. I had to have hoof surgery, which was only suppose to have been a two-week absence that has turned into most of the summer being confined to my barn. But I am now trying to get back on my hooves and start back to getting on some more of our cattle drives. I'm still not 100% but I am ready to get moving again with a little help from my fellow herd family.

Summer has always been a crazy time in my family and this summer has been no exception! In fact I think it's been one of my craziest. Aubrie my daughter has been fighting a kidney stone over the last year, as many of you know. Last year her stone was a 7mm, now it's a 10mm! She's had two surgeries this last year to try to retrieve it but no luck. Her doctor had decided not to do anything being that she was only fifteen at the time. Well poor kid endured the pain all year off and on, so this summer we have been trying to get her some relief. Three doctors later and lots of pain meds, doctor appointments, x-rays, ultrasounds, and a CT scans we may finally be getting her some much needed relief. She only has two more weeks here at home before summer break over. I will keep you all updated on her condition. Thank you all for all the loving support many of you have given to Aubrie and myself.

With that being said I owe Trent my master Herd WRANGLER a HUGE thank you for keeping my herd from stampeding and keeping them on the cow trails. Trent and Denise have been truly an awesome support for me this summer. I can't thank them enough for everything. Trent's been hard at work getting the Rally pieces together and has stockpiled some awesome GRAND PRIZES and other cool things for our September Rally that are sure to please. BUT we still need all your help! We need door prizes, tables, chairs, EZ ups, ice chests, and lots of COW HANDS to help us make this the best RODEO party event next to the Calvary Stampede! IF WE CANT GATHER ENOUGH TABLES, CHAIRS, EZ ups and such we will have to rent them. So don't be shy, step up and ask us what you can do for your HERD family. We have always been known as the GWRRRA chapter that likes to have fun, and puts on the most ride miles. So let's give them a RALLY / RODEO that they won't soon forget.

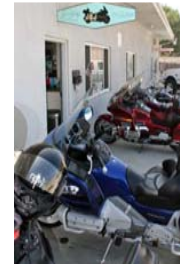

On another note now that most vacations have been taken, surgeries (Me) have been done, lets start going together and start going on more PIE RIDES, and other cow wrangling events. REMEMBER that the HERD that plays together stays together. It takes more than a few cows to make a cattle drive or Stampede so let's get back on those WINGS, and other cool bikes and RIDE!

Please remember to Sign up for the District convention in September, we had a great time the last few years and we can have even more fun this year! Let's show the other chapters that Chapter M is still full force and knows how to have a great time together.

I love my Herd family and can't wait to get back in the saddle and be with all of you soon. I will be at our next gathering so I will plan on seeing all my HAPPY COWS at our watering hole in a few days! We have some serious grazing to do and lots of mooing to catch up on, not to mention making new nominations for our beloved cowbells. See you all at the "PEPPER STEAK" corral and Happy Trails to all!

Legend of CA1M's Mascot

Thinking long and hard about this spotlight article for the newsletter, got me to thinking about what others might enjoy learning about our chapter, and since we have never really told this story to many outside our chapter, it occurred to me you may be interested in the origin of our mascot, the cow later named TOY-OTA .

It all began one morning at Pocatello, Idaho, way back when at a rally on top of a hill. Chapter CA1M rolled into the parking lot, and after turning our bikes off, we heard this strange sound all around us in the parking area of the rally. With strange looks on our faces we began to search until finally we tracked it down to some GOLDWINGS nearby.

As it turns out it was a chapter from Washington State, chapter M . They were having some fun with these tapes (yes tapes) that one of their members had recorded at a stockyard yard. We laughed so hard and thought how fun, and the looks that they would get everywhere they rode. Turns out they would all turn the tapes on when arriving at a destination, and then again when they would leave.

The light bulb went on during the ride back home and we contacted the Chapter Director and asked if we could get a copy of that tape from them and since we were also Chapter M, could we use it for our rides. About 2 weeks later their tape arrived and we promptly started to make more copies to share with our chapter members. Oh the looks we would get from other chapters and the general public as we would travel throughout the state.

Along comes the District Rally talent show in Bakersfield Ca. and chapter CA1M although having talented people participating, we had no chapter skit prepared. Little did we know one of our members had found a gift shop in the hotel and lo and behold what should be in that shop but some stuffed musical COWS. So it began, Sue Blackburn the rebel she is, talked some of the ladies (you know who you are) into buying all the COWS in the shop and they went to a corner and put together their skit. Standing on stage the Ladies of CA1M sang their song while squeezing their newly purchased stuffed cows which sang and mooooooed along with them. The crowd roared in appreciation of their talents and thus began the legend. The Movement had begun. Just to make a note, Bakersfield was the rally which Del and Joanne went to find a chapter to participate with when they first joined GWRRA. Guess they had fun.

Moving forward in time, CA1M started having so much fun with our mascot started to expand their love affair with our mascot and were playing those tapes at every opportunity and everywhere we went we announced our arrival and everyone knew that CA1M had arrived. Soon we had Cow hats, Cow shirts, Cow everything. Pictures at rallies, chapter meetings, soon to be conventions, and even WING DING our beloved Toyota could be seen roaming thru the crowds. Even on our pie rides complete strangers approach and want to know why we are all wearing cow hats.

Why do I say TOYOTA? Well lets just say that everywhere we rode if there was a cow nearby, someone would point it out. The short version of the TOYOTA story is that on a ride out in the countryside one of our members (initials DB), being concerned with the safety of our group announced to the group and pointed out in the distance a cow that they were concerned about possibly wandering into our path just as a warning, kinda like a hazard in the road. Well as the group got closer and the cow got closer, lo and behold what kind of cow was it? Lets just say that it turned out to be not the dangerous COW that DB had said, but alas a TOYOTA truck. And that is how our mascot got its name,

So Thank You Washington M for allowing CA1M to use your COW Tape, who would have thought it would turn into what it has become today.

Some names have been left out to protect the innocent as well as the guilty, and this account is to the best knowledge of the creator as memory is a funny thing at times, although the writer was there at the start as well as the Chapter Director at the time.

District Convention

Wing Ding in Wisconsin is over and, all in all, was a resounding success. Almost 9,000 members converged on Madison for what was in essence a family reunion. Home office may complain that they don't get as many attendees from the western states as they do from the east, but Region F let their presence be known! First, there was the announcement of the International Chapter of the Year, Colorado's Chapter L from Lakewood, and then came the announcement that Colorado's District Directors, John and Barb Pons, were selected as this year's International Couple of the Year bringing a whole new meaning to the term "Rocky Mountain High in Colorado". At closing ceremonies, Princess won part of the 50/25/15/10 drawing which paid for most of our expenses so how could we label the event anything but a resounding success?

Now that we have been home for a week, the laundry is done and life is almost back to normal, we are 100% focused on the upcoming District Convention in Agoura Hills. This Labor Day will mark the second time we have been to this hotel, but the first time since it has been remodeled as The Sheraton. The Sheraton's room rates for Labor Day Weekend normally start at \$159 per night, but they have graciously lowered their rates for us to \$89! Please use the booking link on the District's website to ensure you receive the discounted rate as the hotel reservation department has told members that the hotel is entirely booked if you call them directly. <https://www.starwoodmeeting.com/StarGroupsWeb/res?id=1402199271&key=79D9A>

Mike Burke, along with Pat Singer have done an excellent job in lining up educational classes with a full slate of courses as well as ample opportunities to become certified as a Seminar Presenter in Rider Ed or Leadership Training, or just renew the discipline you are not certified in. Jerry Cowan, along with our Region Director of Rider Education, Dave Gormley, will be putting on the Advanced Rider Course for up to 12 bikes. John Boman and Shirley Machado will be administering the Trike Rider Course, but due to the restricted size of the range, will only be able to take the first six registrants.

The riding should be phenomenal! Right outside the hotel is some of the best canyon riding that California has to offer and if it becomes a little too warm on our side of the foothills, the Malibu canyons are just on the other side. If history is your thing, the Ronald Reagan Library is only 25 minutes away, but you may need to go on-line to purchase your tickets in advance if you are planning on taking your whole group. Be sure to read last month's newsletter that hi-lighted many of the local attractions.

Closing ceremonies should be exceptionally entertaining this year. Like last year, those people that have purchased the dinner tickets will be enjoying the professional hypnotist we have hired. We have hired Marc Bachrach who, unlike other hypnotists, bills himself as the kinder, gentler hypnotist that will have everyone laughing, but no one embarrassed. This will be an incredibly fun-filled weekend and we look forward to seeing each of you there. Oh and speaking of fun, don't forget those crazy, silly hats. Bring two, bring three, or just bring that one special hat you've been dying to wear. Be a part of the fun, you'll be glad you did.

Until next time, ride well and ride often and we will see you in Agora Hills.

-Vincent and Princess Puterbaugh

Tour Directors
 John and Hopefully Rich

We want to remind all that the second Sunday of the month is our chapter meeting. After the meeting we have an after meeting ride, which is always fun. At the July Chapter meeting, there were a few people missing. Weather it was illness, personal reasons, or Wing Ding, we sure did miss you. Hope to see you all at the next meeting.

On the second Monday of the month is our planning meeting. That is where we plan all the rides for the next month, so if you can make it please come and join us, we need your support. I'd like to thank ride leaders who stepped up to the plate for last month and the months to come. Jerry, Becky, Mike, Trent, Steve, Larry and Glen. You are all appreciated. Coming up, we have some chapter meeting visits and we encourage everyone to come and show support. We need to support other chapters so they come support our milk run rally. Which is going to be held on September 20th. Keep the dates in the calendar open, check the calendar and if you need to call me here is my number 951-255-0104.

Our Wed. night dinner rides have been fun. It's a nice break in the middle of the week to come out for a ride visit with your friends and have dinner and just enjoy the night. Come out and ride with us.

Time is running short until our milk run and we need donations for our rally on Sept 20th. Donate something that you would like to get for a prize. Spend a little money and donate whatever you can as a gift.

Those of you that are lucky enough to go to Wing Ding we can't wait for you to get back so we to hear the stories.

A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!!

Let's Ride

Shout out:
For those that are missing you need to
rejoin your group.

Melanoma Awareness

Education and Early Prevention

Americans have a 1 in 74 lifetime risk of developing melanoma, which kills almost 7,800 people each year. Melanoma is often curable if detected and treated early.

Can it happen to me? -Prolonged exposure to sun, no daily sunscreen used, fair complexion, red hair, freckling and increased age. Do you fit one of these criteria then yes it can happen to you!

Melanoma is most often found in men on the area between the shoulders and hips or on the head and neck. It is found often on the legs of women. Folks with an increased risk for melanoma also include those with a personal or family history of pigmented skin blemishes or melanoma, a fair complexion, red hair, or a severe childhood sunburn.

Prevention and risk reduction includes protecting yourself from prolonged exposure to sunlight or ultraviolet radiation [tanning booth], always wear sunscreen SPF 15+ outdoors, and have an annual full-body screen by a dermatologist.

The sudden appearance of a new mole in or near an existing mole or a mole that has changed shape or color should be considered suspicious.

Cancerous and malignant lesions are typically irregular in shape with uneven borders with many shades of brown + black and larger than 6mm [the size of a pencil eraser] and grow quickly. Benign or non-malignant moles are typically round or symmetrical with smooth, even borders, a single shade of brown, smaller than 6mm and grow slowly.

Treatment includes excision, lymph node dissection and then possibly injection treatments of Interferon after surgery. Riding your bike during all this treatment may not be an option! Awareness is your key to another wonderful year of bike riding, so pay as close attention to your body as you do to caring/polishing your Goldwing. Go to (www.melanoma.com) for more information and pictures.

Rally meeting...

We need door prizes—contact the Tegel's
We need cooks to bake 2 dozen cookies for the lunch.-contact Sheree Tegel
Need chairs, tables, and EZ ups—call Trent

RIDER EDUCATION'

It is hot out there...and make use of all the cool clothing out there for our comfort.
Vest, cool collars, (for a cheap but effective cooling—carry a light weight long sleeve shirt. Take it into the bathroom and soak it and put it on under your jacket its cheap and wonderful)

STORE

They have silly cow hats for those daring enough to wear one..

DISTRICT RALLY

Rooms are running out and make sure you get your order in for Rally shirts if you are interested in one...

HONORING OUR OLDEST MEMBER

We took time to honor our oldest member in Chapter M. Larry Randall who has been a member since 1986 (give or take) Celebrated his 80th Birthday along with his bride Sally who is still a baby, he never have to remember when her birthday is...they share the same day.

When Larry rode with the Herd on any overnight trips, we all knew what he was having for dinner, "A bowl of Chili." So we all presented him with a bag full of Chili. So he will never go hungry. My question is, "Larry, which brand makes the best Chili?"

RAFFLE

Jerry, Richard, Eileen, Norm, Cecil, Steve, Sally, Jim

UTTERLY RIDICULOUS

Fred Rau—Being male and not stopping to put on rain gear..

Larry Tegel—His safety instructions...practice what you preach.

Trent Reid—Not reading the whole number of the raffle ticket...what are the chances this would happen..

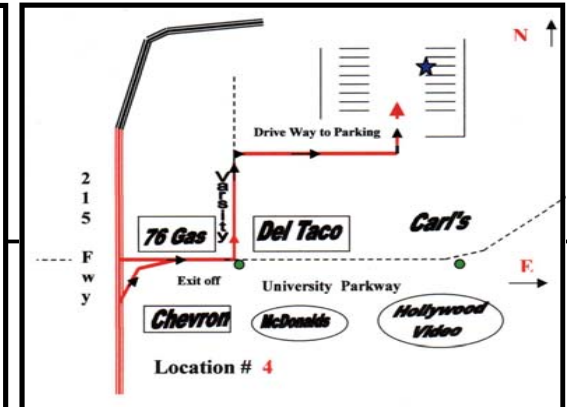

SLICE OF WRY

Cathy was making a banana loaf in the oven when her 16-year-old son came into the kitchen where the family had gathered. That bread smells about done, don't you think, Mom?" he asked. She told him she had set the timer and it was fine. A little later he repeated his suggestion. "Mom, I really think that loaf is done. Maybe you should check it."

Always quick to come to Cathy's defense, her 13-year-old daughter said, "Eddie, Mom's been burning that banana bread for 20 years now. I think she knows when to take it out."

ALTERNATE LEAVE LOCATIONS FOR RIDES
