### *Ramblings*

April already. Hang on as the weather continues to amaze the rest of the country. We had to re-schedule our Planes Trains and Automobile ride due to rain last month and it is now scheduled for May 3rd location 2 at 830 am leave time. This is a much anticipated ride for our chapter and should be a lot of fun. Also the Region convention is coming up in Tucson at the end May so get those rooms reserved and send those registrations in so you are sure to have a great time in Arizona.

Events abound this month, first CA1A on April 11th, then CA1Q on April 19th and on April 26th First Aid/CPR training. The 40 to Phoenix ride also starts in North Carolina on the 9th ending up in Phoenix on the 15th with a tour of home offices and onto San Diego. If you have the chance take a short ride and enjoy the fun as some place along their route. The after meeting ride to Bates Nut Farm was a total success. There were about 50-60 people from Q F M that enjoyed the afternoon together for a picnic lunch with lots of stories and laughter going on. Everyone had a great time with perfect weather and good friends. We had about 200 miles down and back on the trip mostly on back roads. Bates Nut Farm even opened up their snack bar after they heard we would have 50 or so people in attendance. They normally don't open until May.

Plans are moving along for the ride to Reno Rendezvous and if you need information contact John. Sounds like it will be a good trip. For those who may not know yet, the British Columbia Drill Team and the Gold Angels Drill Team will be performing in Reno on Sat. afternoon, and if you are going please come and support both teams. The Gold Angels Drill Team is also looking for both riders and performers and has changed up their practice schedule so those who may have an interest in either riding or performing may come down to one of our workshops at Pauma Casino and see what riding or performing with the Gold Angels is like. There is no obligation, but if you want to see what our training sessions are like and how we do what we do, or perhaps come down just to watch, everyone is welcome. We enjoy visitors to our practices and promise you will have a good time. Check the Gold Angels website for workshop and practice times. We have dedicated our workshops to those who may be interested in learning more about the Team. [GOLDANGELS.COM](http://GOLDANGELS.COM)

All The Gear All The Time

## Bakersfield or Bust

This is the article that I have rewritten for the last three months in a row. As many of you already know, we backed out of our Visalia contract when the Marriott refused to honor our contract rate for more than our minimum of 75 rooms. If we had kept our District Rally (yes, I said rally—but more about that later) at the Marriott in Visalia, the first 75 people to make a reservation would have received the \$94/night rate and everyone else would have paid their rack rate of \$119/night. We don't know if the Marriott booked another large group that weekend or if the economy has improved enough that the hotel just felt that they could get away with it; either way, Pam and I could not support a two-tiered price structure.

With no alternative hotel in mind, we started looking for another site to host our event. Hotels that meet our needs in terms of geography as well as having the facilities to conduct all of our classes and have enough rooms to accommodate all of us are a small number to begin with. After you subtract the hotels that really don't want motorcyclists (many hotels still view all of us as undesirable bikers), and our options shrink even further. We reached out a second time to our friends in Mammoth, but the best they could do for Labor Day Weekend was (before taxes) \$129/night. By this time Pam and I were starting to get a little worried. We have to work one to two years out in order to secure everything we need and now we were under six months.

Originally, the DoubleTree Hotel in Bakersfield declined to put in a bid for this year's event because their meeting rooms were scheduled to undergo remodeling during the month of September. On a whim and partly out of desperation, we called the DoubleTree and explained our situation. They still had their renovations scheduled to begin September 1<sup>st</sup>, but because of our long standing relationship with the hotel, they agreed to postpone their remodel until the following week just to accommodate us.

They also agreed to match the hotel rate we had at the Marriott even though their going rate for that weekend is \$189/night. While I am sure that Pam and I would have eventually found another venue for our event, we are not sure that it would have been as nice as what we have! The hotel is now accepting our reservations and will honor the \$94 rate for three days before our event as well as three days after.

Earlier, I referred to our convention as a rally. At some point in time, it became politically incorrect to call our events a rally for fear that the Internal Revenue Service would audit us and that we would not meet the educational threshold for exemption (evidently conventions are for education and rallies are for fun). Our motto is "Friends for Fun, Safety and Knowledge" and while education is paramount to our organization and one of the core values Pam and I hold dearest, there is a reason that "Fun" is listed first. Our event will still have the full slate of classes that we have always offered, but, as always, the fun will be there as well.

Speaking of upcoming events, the Region Rally in Tucson is coming up over Memorial Day weekend and we have received a couple of questions regarding what the \$30 daily credit is all about. The answer is simple: for every room-night you spend there, you get a credit of \$30 to apply towards anything at the resort other than paying for your room. In other words, if you are eating at the resort, charge it to the room and \$30 of it is free. Buying a souvenir at the gift shop? Charge it to the room and use your credit for that as well. Not going to be able to use your credit one day because your chapter is going out on a ride? No worries, your credits roll over so you won't lose them. Here is a money saving tip I got from one of the locals: their lunch sandwiches are so large that even Goldwing riders could split one and not go away hungry. If you haven't yet registered for the event, go on to the Region webpage and do so as this year's rally is going to be awesome!

Until next month, ride well and ride often.

Vincent and Pamela Puterbaugh

## Tour Directors John & Tammy

### On the Road Again

Lately, I've been reminiscing about all the fun rides we have done with this Chapter. And, all the people that make this chapter great. What about all the new people that we have met. We've made many memories, always having a great time. All of us have the same passion riding our motorcycles. We love hanging out with the group telling stories and having fun! Everyone brings something different to the chapter, "Sue get on the bike". "Gary, what kind of day is it"? "It's a Honda~lula day", "I don't want a pickle I just want to ride my motorcycle", "**Hold on**, we are going for a ride". Those are all fond memories that we will never forget; now lets make some new memories.

If you have a place you want to ride, please let me know. Lets put some new rides together. All ideas welcome. If you know someone who has a motorcycle and wants to ride with us, give him or her my name and phone number. ! We have great weather coming up, **so lets get out and ride!!!!**

### Who's going to Reno?

As always, the ride leaders are important and thanks to those of you that have stepped up to the plate to lead the rides, you are appreciated.

A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!

## Let's Ride

!!

CA1M Chapter Educator

*RIDER ED 'GIMME 5'*

TOPIC: End of Season Cycle Maintenance

Whether the riding season in your area lasts only four or five months, or as long as ten months, most of us will let our motorcycles remain unriden for a long enough period of time that it is best to prepare it for a season of rest.

November typically brings weather throughout the northern tier of states that is not very good for motorcycling. Most parts of this great country of ours experience two or more months of weather that is not considered part of the riding season. The air temperature alone gets cold enough to cause hypothermia without adding the wind chill from sitting atop a motorcycle while blasting down the road at legal speeds – even at 45 mph. And many areas will have snow on the ground before the month is out. Some of you may be cold-blooded enough to prolong the season a few extra weeks, but for most, there is a period each year when your motorcycle becomes a lonesome friend sitting quietly in the garage from bad weather or just too busy.

Before you park it for a season of inactivity or start riding it again, this is a great time to get your end of season maintenance done. It is recommended that you change the oil and oil filter to remove contaminants – dirt, deposits, acids and moisture – that can lead to corrosion inside the engine. Other fluid levels should be checked for proper level. If the fluids are due for replacement based on miles ridden since the last change (check your manual and service history), this is a good time to do that and any other maintenance tasks that you may have been putting off. Start keeping a log of all of your maintenance with dates and mileage that it was performed.

Your mechanic likely is not very busy at this time of year. He (she) would probably appreciate your visit, too! And you know your bike will be better for it. Then when spring comes next year (it is not that far off, after all!), you'll be ready to go without a visit to the mechanic before planning your next big ride. After you get it back from your mechanic, fill the gas tank and add the appropriate amount of fuel stabilizer (such as Stabil) before parking your Wing. Wash and wax the bike and inflate the tires. The battery should be disconnected from the motorcycle (negative terminal first) and trickle charged at least every 30 days, per your Gold Wing Owner's Manual. (Refer to your battery charger manual for more charging details.) Take good care of your Wing, and your Wing will take good care of you!

Those of us that don't have to "Winterize" our bikes sometimes do go for a prolonged period in the winter of not riding. Some of these tips can still apply to us as well. Don't forget to inspect your brakes and tires for wear and correct pressures. And look for screws, nails or cracks on your tires. Another good thing to check for is a blister or bubble on your rear tire. Put the bike on the center stand, start the engine, put it in gear, let out the clutch and then go behind the bike and look at the rear tire. While it rotates, if you see a wobble in the tread, it's probably a blister/bubble in the tire. If you see this, you need to replace the tire before the blister/bubble bursts.

## **March Meeting Highlights**

24 members 2 GW Guest 2 non GW Guest 9 bikes 2 Trikes  
50/50—Jerry C. and Larry T.

**Chapter Charity**—Eileen B.

**Chapter Pride**—Larry T.

**Guest Gift**—Mark S.

**GUEST**—Lynda , Rebecca , Mark and Tim

## **ANNOUNCEMENTS**

Jessie crashed and totaled his bike and broke his ribs.—ouch

Jack from CA1V was in ICU in Las Vegas but has since passed away from his injuries. Please keep his family in your prayers

The District Rally is now at the Bakersfield Double Tree...

Reno Rally in June...The Gold Angels and the British Columbia Drill team will be performing

Check the table for all rally flyers.

Trent was given lots of treasures for the taking from former members.

Lois announced that the Ronald McDonald Pull Tab collection day is May 1<sup>st</sup>...So bring in your tabs to her in April.

## **AFTER MEETING RIDE**

We rode down to Bates Nut Farm in Vista and met up with Q and F. We had lunch there and visited.

## **DOOR PRIZES**

Steve, Danny, Becky, Jerry, Bobby and Big Mike

## **UDDERLY RIDICULOUS**

Jerry C. for leaving his purchased tickets at Judy's Table.

Lois for spending her anniversary, and Valentine's Day sewing and not with Jerry. But Trent did not mention I had to spend New Year's Eve with my sewing machine ...because Jerry was down with Trent freezing their bodies off playing with fireworks.

## Newsletter Policy

Chapter CA1M's newsletter is distributed free of charge to GWRRA members or GWRRA boosters who participate in the Chapter activities. The newsletter is also distributed free to all advertisers and certain motorcycle related businesses or interests. After four months of non-participation as determined by the Membership Chairman, Newsletter Editor or the Chapter Director you may be removed from the mailing list. You will remain off the mailing list until you participate again or you make other arrangements with the Newsletter Editor or the Chapter Director.

Remember, the newsletter is what we make it. Please submit articles that you think will be interesting or informative to other Chapter members. The articles may be about your favorite ride, bike accessory, or just a funny story.

All articles submitted may be edited at the discretion of the Newsletter Editor, depending on the space available. *Controversial subject matter may not be submitted. The News Letter Editor is human and may from time to time make mistakes. This is not cause for nomination for the bell. If you nominate the News Letter for the bell he will quit and this job will fall to you.*

Please submit your article by e-mail or typed letter to the Newsletter Editor by the 19th of the month to be in the next month's newsletter. Material in the newsletter may be reprinted without permission.

- **We Specialize in Motorcycle Accidents**
- **FREE Consultation!**  
**No Recovery = No Fee or Costs**
- **We're Available To Help You 24 Hours A Day, 7 Days A Week**
- **Big Cities or Small Towns, We'll Come to You**
- **We Have Tried and Settled Cases For Over 30 Years**
- **We Do Our Own Work, We Are Not a Referral Service**

"Out on I-40, two friends and I hit the asphalt at 70 mph. You never forget something like that. You also never forget those who were there to help- to *genuinely* help. The honest and tireless legal support that Steve Schapiro and Stan Leventhal dedicated to us was powerful. But even stronger was their sincere understanding of this lifestyle- and of it's importance. *That* is what really kept us going. *That* is what truly restored us." *Bill Hayes, Boozefighter's National Publicity Officer, and former client.*
