## Newsletter Policy

Chapter CA1M's newsletter is distributed free of charge to GWRRA members or GWRRA boosters who participate in the Chapter activities. The newsletter is also distributed free to all advertisers and certain motorcycle related businesses or interests. After four months of non-participation as determined by the Membership Chairman, Newsletter Editor or the Chapter Director you may be removed from the mailing list. You will remain off the mailing list until you participate again or you make other arrangements with the Newsletter Editor or the Chapter Director.

Remember, the newsletter is what we make it. Please submit articles that you think will be interesting or informative to other Chapter members. The articles may be about your favorite ride, bike accessory, or just a funny story.

All articles submitted may be edited at the discretion of the Newsletter Editor, depending on the space available. *Controversial subject matter may not be submitted.*

Please submit your article by e-mail or typed letter to the Newsletter Editor by the 19th of the month to be in the next month's newsletter. Material in the newsletter may be reprinted without permission.

Newsletter Editor e-mail [sd547mail@gmail.com](mailto:sd547mail@gmail.com)

## Barbara Tait CA1M Chapter Director

Hot summer nights, Campfires, River trips, Winding twisting roads, what does all these add up too? Getting out and enjoying family and friends! As our summer officially winds down to the end of summer, per Labor day weekend I hope that everyone spent some quality time with both family and friends and taking a breather from the usual daily rat race of daily life. John Somma has done an excellent job this summer in planning many great rides and awesome places to eat out. The after meeting ride took us for a nice Sunday afternoon ride thru our local mountains. We took a break in Big Bear to have some lunch and visit and enjoy each others company. Pie rides helped break up the craziness of life during the work week and seeing old friends. Sue and Rich Blackburn have come to many of our Wednesday night rides and its been great seeing our herd family together once more. John also planned a Saturday evening ride up to Big Bear to Maccios, it was a very calming and nice weather ride. The food was great too! The next day Norm Barnard lead a ride to the La Brea Tar Pits, which was not only fun but educational too! It was great seeing things with friends and sharing. Many of you have been on vacation this summer and just hiding out from the heat. We look forward to seeing you in the coming weeks on one of the many fun filled planned rides John has in store for us.

Our Chapter M Rally is fast approaching, and we need your help. We need all of the COW's to turn in our registrations for the rally as well. The Rally is how Chapter M raises money to help pay for many things through out the year. Printing newsletters, supplies, ARC riding classes, tickets for 50/25/25, Christmas party, Rally costs, all these are just a few things your dollars at work cover. Even though were part of the chapter we still all need to turn in the registration along with payment to the rally. So please be sure to get that to Gary Blackburn ASAP, it also helps in the planning of how much food is needed at the rally as well. Tables, chairs, Ice Chests, and Ez ups are still desperately needed. If we don't have enough we will have to rent them.

Door Prizes are still badly needed for our Rally, please be sure to bring something that you would like to win as a prize. Sheree and Larry Tegel would very much appreciate if you could bring your prizes this coming meeting. Gift Certificates are great and easy to carry, bike accessories, or even a donation for us to make some purchases for prizes.

Be sure to check out the ride calendar in the next few weeks, were planning on having more rides in store. Also mark your Calendars for the AZ District Rally. Chapter M has attended this for many years, except for the last couple due to conflicts in California rallies. We always have tons of fun on our multiple day rides. Lets show everyone that Chapter M is still the chapter that rides together and rides the most. I personally will be planning more rides myself as I miss going to new adventures.

Lets all go out and make some more lasting memories.

Barb  
Tell em the Cows are coming!  
Barbara Tait  
Mad Kow on the run

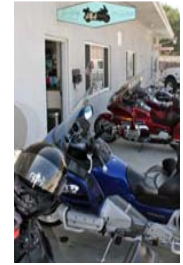

### SEPTEMBER RAMBLINGS

Here it is the latter part of the summer, and I am wondering where it has gone. We have had many chapter rallies/fundraisers and Wing Ding, Region, and now District conventions (soon to be over) and it seems that there are still so many events to experience coming up. We hope you have taken the time in your busy lives to attend and support as many of these events as you possibly can. You will meet so many people, connect with old friends far and wide and see some beautiful country and places that you cannot imagine. Take those roads less traveled and enjoy the sites and smells as you travel. Remember it is the journey as well as the destination that shall make those memories that no one can take away and shall be yours for years to come. Don't sweat the small stuff but enjoy stories you will be making to share with your kids, grandkids and current and future Friends and Family. I am reminded every so often just how much our GWRRA Family is there for each and every one of us without even asking in times of stress and emergency. As some of you know we live in Forest Falls, which has recently experienced Flash Flooding and Mud slides, and the response and support and offers of help were coming from everywhere. We received calls from as far away as Utah, Arizona and even Australia. Thank you to those who called and offered support, you have no idea how much it meant to us. Fortunately we had no damage but some of our neighbors did and the way our community, and outsiders came together without hesitation was a sight to see and experience. This is what GWRRA, Family, and Communities are really about. Helping others both in good times and bad.

Thank you All

California's oldest independent Goldwing facility

## REDLANDS HONDA

Sponsor of CA-1M 2014 Milk Run

By the time you get this newsletter, the California District Convention in Agoura Hills will be over and we hope you all get a chance to come out and Play and enjoyed being only a couple hours away from the location. Many stories will come from this convention and possibly some will be shared. The CA1M MILK RUN will be coming up before you know and plans are moving along, and if you have not registered for it yet do so soon. This is our main fundraiser for the year and is what helps our chapter continue to provide interesting rides and activities for you our participants. While you are reading this get out that registration and send it in as soon as possible, as this will help us in the planning of this event. We have 2 great rides planned and we will be pre riding these prior to the event so that you have a chance to see the rides before the event. We still need door prizes so if you are out shopping and see something you would like to receive pick it up and donate it to the cause. Let LARRY TEGAL know as he is the coordinator for this portion of the event. **Redlands Honda** is helping us out so much on this event, I encourage you to support them in anyway you can.

Other events that come to mind at o'dark thirty, and I apologize in advance if I miss one,

### Supporting Fun One Chapter at a Time

When Princess and I ascended to the role of District Directors, one of our main goals was to continue the fun and momentum that Bill and Rene Johnson had created and for those of you that attended this year's District Convention, we thank you for your support. As much as we try to promote each chapter's event, the Region Rally, Wing Ding, and the District Convention, we know it is the chapter leadership and, especially, the chapter members that determine whether each event is successful. We know that the economy has not improved as much as everyone would like and that the costs and time commitments to visit every event is not feasible for most people. At the beginning of every year we hold an Officers' Conference in Bakersfield and this year we asked the officers to construct a riding schedule that did not interfere with other chapters' events and, for the most part, everyone did so. The result has been that almost all of the chapters have had near record attendance this year and as a result are financially better off this year because of it. While the fiscal impact has been positive, the biggest gain has been the increase in the number of miles ridden and the new friends made. These friendships have lead to many inter-chapter get-togethers and the strengthening of the motorcycle bonds that bind all of us together.

Instead of the traditional chapter events, several chapters have opted to hold alternative fund raising events. CA2-Q and CA2-S both held extremely successful garage sales and CA2-W is holding a "need not be present to win" raffle with great grand prizes on September 6<sup>th</sup>. Kudos to all three chapters for thinking outside of the box and pulling off successful fundraisers! On the 20<sup>th</sup> of this month CA1-M has their Milk Run and the following weekend we have a double-header with CA1-Z in Temecula on Saturday and CA1-V in Victorville on Sunday. Please continue to support the upcoming chapter events so that all of the chapters will have the funds they need to operate on next year. With all of the events still to come and the best riding weather still ahead of us, we look forward to seeing all of you soon.

Until next month, ride well and ride often,  
Vincent and Pamela Puterbaugh

### Tour Directors

John & Tammy and Hopefully Rich

We've had some fun rides the last couple of months. We try to promote, educate and have fun with the group; I have gone around with this question.

Here's the first part of the story.

You're traveling with two groups. You're riding in the second position in the second group. You're heading north on the 215 freeway towards San Bernardino. You were told in a riders meeting that we were going to Las Vegas. You see the ride leader in the second group turn off and is now heading west bound on the 10 freeways. Group one, continues down the 215.

WHAT DO YOU DO?

I would love to have you email me with your answer. [bkaka-john@sbcglobal.net](mailto:bkaka-john@sbcglobal.net).

Next month I will tell you the rest of the story.

A big thanks you for the ride leaders who have stepped up to the plate. Larry, Steve, Trent, Glenn, and Mike. Appreciate it.

Big date Sept.20<sup>th</sup> CA-1M Rally.....There is still time for your donations.

A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!!

Let's Ride

## RIDER ED 'GIMME 5'

TOPIC: Why Should I Take a Rider Course?

This question is one that many of us find easy to answer. What we may not understand is why anyone would need to ask it. There are some riders in each of our chapters that choose not to participate in an instructed Rider Course. Let's examine this and try to understand why, and look at what a Rider Course can do for you.

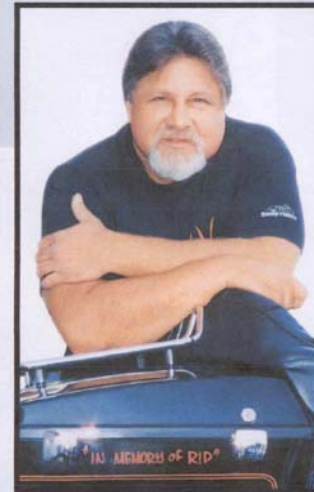

Some may say, "I've been riding for years. I don't need to take a class." Others will boast about the miles they have accumulated on two wheels and ask "what can they teach me?" Have you ever tried to persuade someone with that attitude that a Rider Course might help them be an even better rider? Their position can be so negative and so strongly put that you don't want to talk to them about the benefits of rider training. Sometimes, people hide their self doubt behind a curtain of confidence and bluster. Is it possible to have all the knowledge and skill necessary to avoid any accident? Well, if one chooses not to ride very far or very often, then perhaps it is possible. But I wouldn't want to bet my life on it!

Do you remember a single season in your riding career without at least one close call or near miss due to another motorist's driving behavior? How about a single month? If you ride around the state or across the country, you expose yourself to many different situations that require anticipation of all the possible actions of other drivers. You have to be prepared to counter with the proper response – whatever their action – and do it in a split second! A motorcycle Rider Course helps prepare you mentally and physically to execute the kinds of maneuvers called for by a driver's unexpected actions. We look upon these classes as an opportunity to learn and improve our riding skills in a safe environment.

The instructors are trained to spot the little techniques during range exercises that riders tend to forget to employ on the road. They provide reminders to all students in a positive manner. Their trained eyes and constructive comments are geared to put each of us on the path to being the safest riders we can be. This can help with your attitude and performance on the road. Being reminded of the best techniques to execute different skills does not hurt at all. It is painless. The practice and coaching helps to improve our skills, whether we never knew the technique to use, or just need the occasional reminder. Hey, who doesn't appreciate a reminder from time to time? Especially when it is about something you want to do correctly and safely, but may have just forgotten the best method.

In athletic training we are taught that practice makes perfect. And when you practice something you enjoy doing, it's just a lot of fun! Practicing motorcycle riding maneuvers in a closed parking lot with someone else (the instructors) monitoring the range to protect the riders from outside hazards helps you focus your attention on the task at hand – becoming a better rider!

On another level, taking a Rider Course will help you qualify for advancement in the Rider Education Levels Program, to Level II or above, or keep you current in your present level. And there is one more thing to remember about all GWRRA Rider Course offerings. Nobody fails! Everyone who completes the course receives a course completion card. There are no minimum performance requirements. You are asked to push yourself to improve your abilities. You won't get better at it if you don't try. Sign up for a Rider Course today. You will thank yourself later!

Ride Smart &amp; Be Safe!

### SLICE OF WRY

As the crowded elevator descended, Joanne became increasingly furious with her husband Del, who was delighted to be in very close proximity to a gorgeous woman. As the elevator stopped at the main floor, the woman suddenly whirled, slapped Del, and said, "That will teach you to pinch my ass!" Bewildered, Del was halfway to the parking lot with Joanne when he choked, "I ... I ... didn't pinch that girl." "Of course you didn't, Sweetheart" said Joanne, consolingly. "I did."

### ALTERNATE LEAVE LOCATIONS FOR RIDES

**#4**  
 Del Taco on University Parkway  
 exit off the 215 North go East to parking lot on the left San
