Ramblings

Where has the year gone? What has happened?

It seems that 2014 has flown by and that 2015 is sneaking up pretty fast.

Thru out the state chapters are taking a breath as they begin to plan activities for 2015. Stay tuned for some exciting events coming up in 2015. The District Officers meeting in Bakersfield is coming up in Jan. and is open to members and officers. If you are interested in going or need information please contact me as soon as possible so that we can let District know how many people to expect.

Chapter CA1M has weathered the year with many miles under our wings, a successful poker ride and changes within the chapter. We are still here and riding even more as the weather turns cooler. Be sure and layer since it can be very cool in the mornings and HOT in the afternoon.

The last week or so I have been making room in my garage for another toy as some of you may know. Having to go thru all my "stuff", I found a number of newsletters dating back to the mid 90's and early 2000's. Fun to remember some of those memories of trips, events and people. Don't be surprised if some things are revealed about our chapter. One thing we have done as a chapter over time is continue to have FUN! Let us continue to think out of the traditional "BOX" and do those things that most only dream about. Don't be afraid to come up with something new or different for our chapter to do, and let someone on the staff know, or better yet come to a planning meeting.

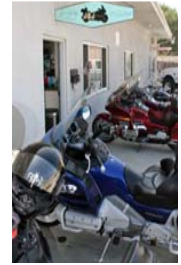

Want to get involved in how the chapter develops, ideas, thoughts, and even volunteer for a position, or perhaps think of a new area you would like to see develop, let us know.

Denise and I want to wish each and every one of you a happy and joyfull holiday season. Spend time with your family and friends and let them know they are an important part of your life. Each and every one of you are important to Denise and I, CA1M and GWRRA. COME PLAY WITH THE COWS AND CA1M IN 2015. HAPPY HOLIDAYS

Trent and Denise Reid

Yes, Virginia, There Is A Santa Claus

This is the time of year that we sit back, take a deep long breath and reflect on the years events. What an awesome year we have had. The friends we've made, the re-connecting of friends from the past and all of the miles we've traveled, in a nut shell this year has been wonderful for us. We thank each and every one of you for the great times and adventures we've had on the way. For without your friendship and kindness many of our travels would have just been that, travelling. You've put the spunk in our step and the fun in our lives, which has made 2014 a year to remember.

We all know the story of Virginia and her letter to the editor of The New York Sun, dated September 21, 1897. There is a copy of the actual letter attached that was published. The burning question is "Well is there a Santa Claus"? Well of course our answer to that question is just as Francis P. Church wrote in his letter back to Virginia. You bet there is! He lives in your hearts and imaginations. Without a Santa Claus at Christmas would be like having hot chocolate without marshmallows. In our family "We believe". Another favorite for us is the movie "The Miracle on 34th Street". That movie is watched at least 2 to 3 times during this festive season . . . well Princess watches it twice as much as me, but who's counting.

If anyone has been to our home at Christmas time they will know that Santa Claus does exist but more importantly "Snowmen" exist even more so. Frosty the snowman and all of his relatives come to life in our home. Our home is adorned with at least a hundred snowmen . . . tall ones, short ones, fat ones, big ones and tiny ones. They are everywhere you look. For someone that does not like the snow it amazes me that she has such affection for "snowmen". But with all of her decorating and fussing during this time of year it brings such a feeling of warmth that I actually look forward to coming home each night to be amazed by all the decorations and sparkle.

We all celebrate the holidays in our own special way but the most important part about Christmas & the Holiday season is to surround yourself with family and friends. For those are the real gifts we receive each year. The new friends we make, the rekindling of friends from our past, and the friends we have each and every day. We all need to be reminded to honor and cherish those relationships and not take them for granted. Christmas is also all about our families, sharing the magic of Christmas and this Holiday season is the ultimate gift we can not only receive but give as well to all those we love.

We would like to wish you and your families the best for this Holiday season and that your hearts are open to new adventures and the joys of this wonderful time of year.

We look forward to an awesome 2015 with all of our GWRRA family and know that we will again have some new adventures to look forward to.

Please remember to mark your calendars that the Officers Conference will be January 24th at the Double Tree in Bakersfield.

Until next month, ride well and ride often

Is There a Santa Claus?

We take pleasure in answering at once and thus prominently the communication below, expressing at the same time our great gratification that its faithful author is numbered among the friends of THE SUN:

"DEAR EDITOR: I am 8 years old.

"Some of my little friends say there is no Santa Claus.

"Papa says 'If you see it in THE SUN it's so.'

"Please tell me the truth; is there a Santa Claus?

"VIRGINIA O'HANLON.

"115 WEST NINETY-FIFTH STREET."

VIRGINIA, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except [what] they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole of truth and knowledge.

Yes, VIRGINIA, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! how dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no VIRGINIAS. There would

be no childlike faith then, no poetry, no romance to make tolerable this existence. We should have no enjoyment, except in sense and sight. The eternal light with which childhood fills the world would be extinguished.

Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys on Christmas Eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would that prove? Nobody sees Santa Claus, but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders there are unseen and unseeable in the world.

You tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view and picture the supernal beauty and glory beyond. Is it all real? Ah, VIRGINIA, in all this world there is nothing else real and abiding. No Santa Claus! Thank GOD! he lives, and he lives forever. A thousand years from now, Virginia, nay, ten times ten thousand years from now, he will continue to make glad the heart of childhood.

The above editorial, by Francis P. Church, first appeared in The [New York] Sun.

Tour Directors
John & Tammy and Hopefully Rich

Last month, we went to Barret Junction, what a fun ride. We were lucky, we had good weather and the ride was excellent. Larry T. did a wonderful job planning and putting that ride together for our group. We had a nice turn out. We rode all day. All I can say, is the next time you see Barret Junction on the calendar you can't miss that ride!!!! We all had BLAST!!!!

Larry T. also led the after meeting ride, Pines to Palms. We went up and over the mountain to Idyllwild, then thru the valley and over to Palm Springs. He took us to a very nice restaurant for lunch. And as a special bonus, Sheree brought some baked treats that were enjoyed by all. Thanks, Sheree. Again, we had great weather and a fun group of riders.

As always, the ride leaders are important and thanks to those of you that have stepped up to the plate to lead the rides, you are appreciated.

Jerry will be taking us on our yearly "Christmas Light Ride". Don't forget our Annual Christmas Party, we are hoping you can join in and come out for a fun evening. Keep checking your e-mails for the upcoming special ride events.

Lets talk about RENO!!!!

I am taking a weeks vacation, Sunday to Sunday. June 14- 21, 2015, we've already booked our rooms at The Grand Sierra Resort starting on the 15th of June through the 20th. If you plan on going to Reno you should book your rooms now. We still need to book a room for one night near Angel Camp, on June 14, 2014. We are still in the planning stage.

Who wants to go with us?

COME ON lets go ride RENO!!!!

A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!!

T-CLOCS INSPECTION

T-CLOCS is something that we talk about all the time, but how many of us actually do it that often? I try to make it a practice before every ride to get down on the ground and inspect the tread/tires and top off the air. You never know when you are going to pick-up a nail/screw in a tire.

Turn the ignition to the “ON” position and walk around the bike. Look at all of your light to make sure you don't have a burnt out bulb. With the lights off in the garage (or low light), operate the brake lever and pedal to make sure the brake lights work.

Along with this article, I have sent out a copy of the “**T-CLOCS INSPECTION**” form to all members. Print out the form and keep it on a clipboard close to your bike for your reference. Most of the items you will automatically be checking just by riding your bike. But, you should at least go over this list once a month to make sure all of the control devices are operational.

If you are feeling a slight wobble in your front tire through the handlebars, it's probably the **REAR** tire. Put the bike on the center stand, start the bike, put it into gear and carefully let out the clutch. Provided you have **60 series** tires and **NOT 70 series** tires, the tire will spin without contacting the ground. Get down behind the rear tire and look at it spin. If there is an obvious wobble or lump in the tread, you have a bubble/blister on your tire. This is fairly common and is an indication that the tire needs to be replaced **VERY SOON**. If the blister ruptures, your tire will go flat quickly.

The more you make sure all of your bike's controls work properly, the more you can enjoy your rides without worrying. This will not stop **THINGS** from happening, but it will reduce the chance of something interrupting an outing.

Keep it safe out there!

EDUCATION

Bari talked about meeting the Rider Ed guy from England. She shared what she learned from him.

Mike suggested that on long trips to change up tail gunners so everyone can enjoy the ride. He rode on the back of Bari's bike and got to see the scenery for the first time. since he was not keeping an eye on the road and traffic..
