Newsletter Policy

Chapter CA1M's newsletter is distributed free of charge to GWRRA members or GWRRA boosters who participate in the Chapter activities. The newsletter is also distributed free to all advertisers and certain motorcycle related businesses or interests. After four months of non-participation as determined by the Membership Chairman, Newsletter Editor or the Chapter Director you may be removed from the mailing list. You will remain off the mailing list until you participate again or you make other arrangements with the Newsletter Editor or the Chapter Director.

Remember, the newsletter is what we make it. Please submit articles that you think will be interesting or informative to other Chapter members. The articles may be about your favorite ride, bike accessory, or just a funny story.

All articles submitted may be edited at the discretion of the Newsletter Editor, depending on the space available. *Controversial subject matter may not be submitted.*

Please submit your article by e-mail or typed letter to the Newsletter Editor by the 19th of the month to be in the next month's newsletter. Material in the newsletter may be reprinted without permission.

Summer has arrived, welcoming all who love to ride the chance to get out and RIDE!!

Except for a few of us who have been grounded to the couch by our doctor for what seems like FOREVER! Many of you have wondered where I have disappeared to these last few weeks, and the answer to that mystery question is that I had to have foot surgery. I had what they call Morton's Neuroma. It's a condition where the nerves in your toes and foot get a tumor that sometimes will respond to cortisone, which mine did not. It was getting to the point that I couldn't walk much on my foot because my toes would hurt so badly so I decided to have the Neuroma removed. What was supposed to be a few days down time turned into weeks of down time!

Knowing how nice the weather has been I'm hoping that the rest of herd has taken full advantage of the nice riding conditions. Enjoying each other's company and even riding alone at times can be the most rewarding feeling ever as the wind rushes into your face and the occasional blast of a broken water sprinkler. Most of my most treasured memories are on the back of our Goldwing during the warm summer nights. I would love to see some of your pictures and hear some of your stories that you're making this summer as well.

I hope to be back out riding with you all soon, but for the meantime Trent will be taking over the helm while I am out. Thank you for all the nice emails, and Facebook comments. I hope to see you all soon.

Fun and Safety

Can you believe it the year is half way done already, where has the time gone? Lots of riding to do and tons of safe riding miles ahead. By the time you get this edition Larry Tegal and Jerry Cowan will have completed lots of training classes and lots of safe riding miles. Our chapter is very unique in that we have lots of experienced former officers and trainers available to you and participating in our activities. Speaking of officers, your staff is doing a fantastic job of planning various events and rides and if you are riding you know how much fun we are having. I encourage you to come out when you can and ride with us whenever you can, whether it is our Wed night pie rides, chapter visitations, other chapter poker rides, special weekend rides to interesting locations or perhaps those back road rides. I know the ride leaders are putting a lot of time and effort into the planning process, and these rides are always FUN. Don't forget the special seminars that Larry and Jerry put together as well, they are always fun and usually a ride somewhere afterwards.

We are working on our Milk Run planning and want to thank everyone for their assistance in our annual fundraiser, as it cannot happen without every ones help. It will be a great event with your help.

I want to thank Cathy Siglow for her Redlands Historic tour, on wed night. I think everyone learned a lot about Redlands, even if you have ridden every road in the city, so much history in this small town. Thank You Cathy. Also Thanks to our moderator Cecilia Luckinbill, great job, and to Mike for the use of your finger. Guess you had to be there, or perhaps ask them at the next meeting.

For those of you going to Wing Ding, safe travels, for those of you who are unable to travel, we have scheduled events thru the holidays and hope you come out, ride and play and have fun. We have also scheduled some chapter visitations and hope you will join us, as our plan is to share with them and perhaps go on their after meeting ride and see some areas we do not normally ride in.

Check our website/ calendar for rides and activities and remember someone will be there to lead and our leaders always appreciate it when they can share a route or activity with FRIENDS and FAMILY. You may be surprised a time or two, I know I have been.

Don't forget to get those Registrations in for the District Convention in Agoura Hills this year and make those hotel reservations as well, a great time has been promised.

Crazy hats are encouraged and will be lots of FUN.

All The Gear All The Time

Winging It To Wisconsin

As most of you are reading this, Princess and I are winging our way to Madison, Wisconsin, but, unfortunately, winging it, this time, means flying and not riding. Like many of you, we are still working and don't have an unlimited number of vacation days and have to make our travel choices count and that is why Pam and I are so appreciative of how many of you have already registered for the District Convention in Agoura Hills. The down side to so many early registrations is that there are only a few rooms left at the \$89 room rate. For those who do not grab one soon, the Hampton Inn is a block away, but rates for the holiday weekend start at \$160 a night.

If you attended the Region Rally in St. George, Utah this year, you had the opportunity to complete one entire segment (six classes) of the LTP curriculum entitled, "Chapter Life". We will be offering all eight seminars of the "Life Skills" curriculum during the weekend. This should allow for many teaching opportunities for all of the University Trainers that wish to become certified in teaching the Leadership Training Curriculum. Additionally, we will have the Advanced Rider Course for motorcyclists as well the Trike Rider Course. These classes will be offered along with several Rider Education seminars and, by popular demand, the Parking Lot Facilitator Certification Course will be back again this year.

Like last year, we will have a dinner show on Sunday night before closing ceremonies. In keeping with this year's theme, we will have a professional hypnotist performing and we were fortunate enough to book Marc Bachrach. Marc has performed as a corporate entertainer for such companies as 3M, Northrop, Dole, American Airlines, Kawasaki, and McDonalds. Marc bills himself as the kinder, more respectful comedic hypnotist and promises that no one will be barking like a dog or clucking like a chicken and with over 1,500 stage performances worth of experience, we should be in for a real treat! Many people have come up to Princess and asked us why they have to purchase the dinner tickets in order to see the show. The answer is simple: it is the food and beverage sales that pay for all of the ball rooms we use to hold our trainings. The other question we get is, "Why not include the cost of the dinner in the registration and include everyone?" The answer to this one is a matter of fairness. We know that not everyone has Monday off and not everyone can stay through Sunday night and we feel that making people pay for something that they will not be able to attend is just not right. In order to give our members the best experience possible, we allow you to decide what best fits your needs, but whether you come to the show or not, we just want you to show up at the convention and hang out with us. By the time you read this article the complete list of classes and activities will have already been posted to the website so you can plan your weekend. Until then ride well and ride often and, hopefully, we will see you at Wing Ding.

Sincerely,

Vincent and Pam Puterbaugh

John and Hopefully Rich

MOOOOOOOOOOOO!!!! We had some great rides in June. There was a District ride up to Utah and an "ice cream" ride lead by John. Mike lead a great ride after the chapter Meeting, down Hwy 2, "BOY", was it fun. You should have been there. Thanks Mike. We had so much fun on the chapter ride in June; Mike volunteered to lead the chapter ride in July, too. So, if you missed the ride in you have another opportunity in July, to go on a great ride after the meeting.

Jerry, Becky T., and Larry T. are doing the Wednesday night Dinner Rides for the month. We have two chapter visits that Steve and Jerry are going to lead. Trent is leading all those who would like to go a Rally to CAIC. Check the calendar for the dates and times. Come out and support the chapters, as we need them to support us.

We still need donations and prizes for our "Milk Run" Rally. So, think about something that you would like to win and make a donation to our Rally.

A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!!

Rider Education

One of the reasons why we were drawn to GWRRA in the very beginning was the wealth of information and classes on how you can improve your riding skills. I have been riding a motorcycle for 48 years and I am learning new skills all the time. Some riders get to the point where they think they have learned all there is to riding. That is when it gets dangerous. No matter how long you have been riding, you can ALWAYS pick up some new skills. And many times it can come from a brand new rider. How, you say-they just got out of a Basic Rider Course that may be teaching some new ideas. That is why GWRRA recommends that you renew your skills at least every 3 years with an ARC/ERC (Advanced Rider's Course/Experienced Rider's Course) or another such as StreetMasters.

Another reason not to get too confident-studies have concluded that every time you start riding a different motorcycle, it takes you 6 months to get used to it. That means, to be able to hit the right switches, buttons, controls and pedals in the dark or in an emergency without making a mistake.

Riding is a constant learning curve. The ones who think they know everything there is to know are frequently a liability to others around them. GWRRA's Rider Education offer some very informative classes and seminars. They are designed to be informative and fun-not to intimidate or ridicule you for mistakes. We highly recommend that you take advantage of as many as you can. If there is an area that you would like some refreshing in, let us know.

So, lets get out there and have some fun. And above all, **Keep it safe out there!**

SLICE OF WRY

A couple goes out to dinner to celebrate their 50th wedding anniversary. On the way home, she notices a tear in his eye and asks if he's getting sentimental because they're celebrating 50 wonderful years together.

He replies, No, I was thinking about the time before we got married. Your father threatened me with a shotgun and said he'd have me thrown in jail for 50 years if I didn't marry you. Tomorrow I would've been a free man!
