### *Ramblings*

July already, just seems that this year has gone way too fast. The heat and crazy weather is still around. Riding has become an adventure. Cool collars and heated vest are the order of the day it seems. Be prepared more than ever as the riding conditions change with each hour that passes.

Having just returned from the Reno Rendezvous, I reflect on the weather, the trip and the friends that shared this adventure.

There will be many stories to tell with those who missed this event. Although it was far from a Wing Ding event I think they may be on to something. Many people from all over the world were there, and most were out riding everyday enjoying the many roads and sites to see. We live but a few hours away from some great riding and sites near Reno. I would encourage each and every one of you to get out there and put some miles on those Wings. Jerry Cowan and I took an extra day going up and went on unplanned roads, which were fantastic. We started out in heated gear, and came back in heat and extreme wind. Be prepared every time you ride and it will be an adventure.

This last month we had a great time at CA1L and CA1D. I am writing this just prior to the CA2N poker ride and know we will have a number of people in attendance. They always put on a great event. Less than a days ride as my mapping program tells me.

Our Wed. dinner rides have been well attended but we would like to see more of you join us in our mid week ride. Come out and take that break you have been looking for and enjoy a night out with the herd.

Continued on page 4

For July we have a couple of events coming up that I hope you all can attend. First is the Irwindale Fireworks and bike parade on the 4th, then after our meeting Jerry C has volunteered to lead a ride, the 18th is the CAC poker ride, 26th will be on of John Somma's breakfast rides. On the the 19th, the Gold Angels will be having a workshop at the Pauma Casino. If you were ever curious as to how they practice or what it takes to perform on a drill team, you will not want to miss this event. Their schedule is located at [goldangels.com](http://goldangels.com). I also know that the casino has a great buffet and on top of that it is located on one of the herds's favorite route. Come down to watch, eat, ride and or play.

California District Convention Bakersfield is first week in Sept. Get those registrations and reservations in so you don't miss out on the fun. I found a great motorcycle road out there which i had never ridden before. I also hear the training field for ARC and TRC is only 4 miles away and is huge.

Check our website and calendar for schedules and all the activities and poker rides coming up. Your staff has been working hard to keep the information current and up to date so you may come play with your FRIENDS and FAMILY.

**All The Gear All The Time**

It is official; National has blessed and accepted all the paperwork for our 23<sup>rd</sup> chapter in California. Bakersfield is now our 23<sup>rd</sup> chapter. We would like to welcome them to our state and look forward to having some good times together. They have chosen their mascot as the “Roadrunner”, so that will make 3 Roadrunners in our state. The official kick off for our newest chapter will be at the Convention. Couldn’t be more appropriate with our state convention in their back yard! So please plan on attending the convention this year, so we can give our newest roadrunners the honor and welcome they deserve.

Their Chapter Director Jack Vido has worked hard at getting this chapter going and we would like to thank him for the continued hard work that he is doing to get these roadrunners on the map. Our newest chapter will be CA-1B, and they meet on the 3<sup>rd</sup> Saturday of each month. They meet at Lorene’s, 1531 23<sup>rd</sup> St., Bakersfield. If you would like more information or would like to get a hold of Jack his email address is: [gwrri691@gmail.com](mailto:gwrri691@gmail.com), he can also be reached at 805-235-4188. Jack has been with GWRRA for quite some time and used to be involved with the chapter from Bakersfield many moons ago. He then moved on to the south where he was also very involved with GWRRA. Re-locating back to Bakersfield, he believed he could get enough people to start our Bakersfield chapter back up, and that is exactly what he has done. They are working hard in doing all the right things that GWRRA requires. We look forward to their kick-off as we all welcome them in September.

June was full of rallies with a lot of fun to be had. From the Pirate ride, to our Flag day celebration with the Dogs, and then Hanging with the frogs, California had a lot to offer their members. We now look forward to July with Sacramento's rally on July 18<sup>th</sup>. They also put on an awesome rally. We look forward to seeing many of you in Sacramento. Sacramento was one of the chapters that we pulled out of the hat at the officer's conference that we would be attending. However, we have tried to make as many as we could and have shown up to quite a few with a surprise visit.

As we continue to put the final touches on our own upcoming California Convention, we thank you for your continued support. Please be sure to get your registrations into Diana prior to August 15<sup>th</sup>, so you will be eligible to win a set of tires. Remember to join us for dinner at closing ceremonies, as always we will have a great time.

Last but certainly not least, we were blessed with our 7<sup>th</sup> grandchild on June 16<sup>th</sup>. Scarlett Leslie Payne was born at 7:28 pm, weighing 7.8# and measuring 21.5 inches long. Mommy, Daddy and baby doing well adjusting to parenthood, this is their first child!

Until next month, ride well, ride often

## Tour Directors John & Tammy

A lot going on last month. Big party at Fish O licious, with a great turnout. Big money winners at the Wednesday Night Ride were, Linda, Gary B. and Lois C. Everyone enjoyed themselves, and food was excellent. Another fun time was at Goody's for the breakfast ride. We had a great turnout. Steve D, Larry T. and Jerry C. and Trent also put together some good rides. There is a lot of research and planning going on for all the rides. Planes, trains and automobile were a lot of fun, too. A big thanks to all the ride leaders go out of their way to put on a good ride for you.

Well, we are finally going to Reno and I cant wait to tell you all the stories, when I get back!!!!

There are some good rides planned for July that you don't want to miss. July 1<sup>st</sup> we are going to Jason's Deli. July 8<sup>th</sup> to Wood Fire Grill. July 22<sup>nd</sup> we will be going to BoomShakAlaka. July 25<sup>th</sup> we are heading to the Indian Museum. July 26<sup>th</sup> breakfast at All American Diner.

If you have a place you want to ride, please let me know. Lets put some new rides together. All ideas welcome. If you know someone who has a motorcycle and wants to ride with us, give him or her my name and phone number. ! We have great weather coming up, **so lets get out and ride!!!!**

As always, the ride leaders are important and thanks to those of you that have stepped up to the plate to lead the rides, you are appreciated.

A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!!

## Let's Ride

## Larry Tegel CA1M Chapter Educator

“Give me 5”

Who’s Your ‘Tail Gunner’,

Who is this person who always rides at the back of a group on a team ride? Some will say that they are the most important member of the team. I do not disagree. Consider all of the responsibility they carry on their shoulders. They are the last out of the parking lot and the last in. From their position, they can observe the other 4 to 6 riders in the formation. (We all know that a group should not exceed 5 to 7 bikes or trikes). Who better to observe the new rider in the group and offer his suggestions on how to help that individual become a better rider than the ‘Tail Gunner’. It is they who keep the ‘Lead’ informed of traffic closing in on the group. They are the person who tries to keep the team together and helps maintain the proper spacing between bikes. And it is the ‘Tail Gunner’ who is going to secure the lanes and notify the ‘Lead’ when all is safe. After all bikes in formation have cleared a road hazard and it is once again safe to resume the staggered formation, the ‘Tail Gunner’ will notify the ‘Lead’ and all will be safe.

What if a rider in the group has a health issue which necessitates them to pull out of the formation or if a rider has a problem with their bike? It is the ‘Tail Gunner’ and only the ‘Tail Gunner’ who will stop and render assistance. If that should ever happen, then the next rider in line assumes the ‘Tail Gunner’ position and the responsibilities that go with it. If the ‘Tail Gunner’ notices someone driving erratically, this may be a sign that the rider is having a serious health issue or mechanical failure. The ‘Tail Gunner’ immediately notifies the ‘Lead’ and with the help of his CB tries to get the rider in question out of the group and to a safe stop.

That very important rider called ‘Tail Gunner’ or the backdoor, does all of this for our benefit in hopes of reducing our risk as a motorcyclist. They deserve a pat on the back for what they volunteer to do. So thank them at every ride.

With all of these responsibilities, it is evident that special training is needed to become a responsible 'Tail Gunner'. **DO NOT PUT JUST ANYBODY BACK THERE.** Every 'Tail Gunner' should participate in a 'Road Captain' and 'Team Riding' seminar. They should have a CB that works well. It helps if they are in the Rider Education Levels program and are current in CPR/First-Aid and riding courses. It doesn't hurt if they are good communicators and are liked by the membership.

Now we know who that person called 'Tail Gunner' is. It is not a position for everybody, but if you are well trained and are asked to be 'Tail Gunner' for your Team, accept the duties and when you are responsible for completing a safe Team Ride, you will be proud to be 'Tail Gunner'.

We can all have safe 'Team Rides' when everyone assumes responsibility for their own ride, but only if they come to the ride in good health, are well rested, and have their machine in good mechanical condition. Being well prepared will make both the 'Lead' and 'Tail Gunner' positions easier to maintain. Accidents happen and machinery breaks, but the risk of those things happening are minimized when we are well trained, physically ready, and have serviced our equipment properly. If we follow this advice everyone will have a more enjoyable and hopefully safe ride.

Training Reduces Risks,

"Out on I-40, two friends and I hit the asphalt at 70 mph. You never forget something like that. You also never forget those who were there to help- to *genuinely* help. The honest and tireless legal support that Steve Schapiro and Stan Leventhal dedicated to us was powerful. But even stronger was their sincere understanding of this lifestyle- and of it's importance. *That* is what really kept us going. *That* is what truly restored us." *Bill Hayes, Boozefighter's National Publicity Officer, and former client.*
