### *Ramblings*

**REGION F CONVENTION at JW MARRIOT TUCSON STARR PASS RESORT and SPA was a great success and tons of fun. Over 400 people gathered for this event. The hotel staff and the facility was fantastic. One of our members even won a large gift card from one of the vendors. I will let them share with you. The Arizona Drill Team and Gold Angels Drill Team performed and thrilled all in attendance. There were some great rides and sites to see that were planned out for those in attendance as well. We went on a short ride and tour of Bio Sphere 2 on Sunday which was very interesting as well.**

**We have the Reno trip coming up in a few weeks which should be fun as well as poker rides. CA1L on June 6th, CA1D on June 14 (after meeting ride) and CA2N on June 27. If you haven't been in these areas, you are missing out on some of California's best riding areas. Don't forget to make your reservation for the California District Back to the 60's rally. I've heard from some of the other chapters it will be truly a blast from the past and lots of fun. Every Weds we also have a ride for dinner/pie. Your ride leaders put a lot into their routes so be sure and support them with a hearty thanks, or even better come out and play with your FRIENDS. Chapter M has the most active ride schedule out there so you have many opportunities to ride. WE DON'T CARE HOW YOU GET THERE, Bike , Car, Plane just join us for the fun.**

**As I mentioned last month, your staff is always looking for new ideas for rides. Sometimes not every ride is possible due to our schedule, since we plan a few months out at our planning meetings. If you have a new idea we will work to put something in place as the schedule dictates. Nothing is set in stone. We have another special museum ride that is being set up by Jimmy Back to private collection of motorcycles. More details at the chapter meeting. You don't want to miss this one.**

**Check our website and calendar for schedules and all the activities and poker rides coming up. Your staff has been working hard to keep the information current and up to date so you may come play with your FRIENDS and FAMILY.**

## TUCSON HERE WE COME!!

Thank you California for coming out and supporting the Region F Convention. Not only did you come out and play but over 31 people volunteered to sell tickets this year. We would not be able to meet our obligations if you, California didn't support us. When that many people come together to sell tickets the burden is lightened on each and everyone. Again from the bottom of our hearts we thank you for all that you do for our fabulous state. For those who didn't have the opportunity of visiting Tucson this year at the Region F convention, you will have another opportunity to see Tucson in November when Arizona will be having their state convention. So mark your calendars for October 30, 31 and November 1<sup>st</sup> we'll be back in Tucson for Arizona's state convention.

Speaking of conventions, we are now finalizing a lot of our plans for our state convention this year over Labor Day weekend. The date: September 4<sup>th</sup> – 6<sup>th</sup> – the location: The DoubleTree Hotel in lovely downtown Bakersfield. We are excited and know this convention will be a lot of fun! Our theme this year is "The Sixties". How fun is that, an era most of lived through in our younger days and for many don't even remember it. Can you say Woodstock?? All kidding aside we are looking forward to creating a fun atmosphere for all of us to get together again and have some fun as we always do. From the Kern County Museum, to the Crystal Palace, and The California Area Living Museum, to the Fox Theater, there are many things to do in Bakersfield, plus riding. Yes there is riding in the surrounding areas of Bakersfield.

The lost Highway 58 – Bakersfield to San Luis Obispo! Only 90 miles one way!

*Ask the locals in Bakersfield about Hwy 58 to San Luis Obispo and they'll tell you there's no such thing and then direct you to the super-slab Hwy 46. Don't listen. Beginning about a dozen miles west of Bakersfield, Hwy 58 is a roller-coaster all the way to the coast. Giant sweepers with giddy changes in elevation run through pastoral farmland for more than an hour. Then suddenly the road tightens down into twisting loops as you dive into canyon country. Just as suddenly, it all stops and you find you've arrived at San Luis Obispo's back door. Lake Isabella!*

Welcome to Lake Isabella, heart of the Kern River Valley, California's best kept secret. With many activities, including fishing, hiking, camping, windsurfing, skiing, or just relaxing, the lake itself has much to offer. Don't miss one of California's largest Wild West celebrations, Whiskey Flat Days, four days of fun for the entire family. The area is in the southern end of the Sierra Nevada range and the lake itself is located in low mountains at an elevation of approximately 2,500 feet. Also, home of the Isabella Lake Fishing Derby, one of the nation's largest trout derbies! With the "wild & scenic" Kern River flowing into and out of Isabella Lake, there are amazing sights and great times to be had by all. We know that you all of choices to make as where to spend not only your time, but your money. We thank you in advance for choosing to spend your Labor Day Holiday with us and 300+ of your closest friends. We will have 7 Rider Ed classes, plus CPR/First aid, both full class and recertification. An ARC class (space is very limited – only 3 spots left), a TRC class – (12 spots available) we are also having a PLP facilitator class. On the Leadership Training side we will have 8 classes available. We've attached the list of classes being offered this year. Please remember that the ARC, TRC and First Aid Classes have a cost for attending. We ask that you please sign up for the PLP facilitator class so we know how many to plan for.

As well as all of the Educational opportunities, we are planning a great schedule. The IOY & COY selection process is on Friday, stage interviews are set for 3:00-4:00 so you can come and cheer on your chapter's honorees. Opening ceremonies are on Friday at 7:00p where we will announce our new District IOY & COY for 2015-2016. Saturday is chocked full of activities. Starting early Saturday morning, the Masters Breakfast at 7:00 am, breakfast will be \$15.00 (must pre-reg) where you will have an opportunity to win a set of tires donated by Sky Med. After breakfast you will have classes, vendors, Chapter games are at 1:00p-4:00, Bingo is at 4:00p-6:30 and ice-cream is at 6:30p – winding out the day with our Light Parade starting at 8:00p. Sunday will also have activities but are limited so you can take Sunday and just relax by the pool, go for a ride or go site seeing around town. The Gold Angels will be performing in the morning (location pending), with the PLP Facilitator class and then our Dinner with Show at 5:00p with closing ceremonies at 7:30p.

Remember to pre-register by August 15<sup>th</sup> to be eligible to win a set of tires from Dunlop. Grand prizes will include a chance to win a **1250.00** Best Buy Gift card donated by Kevin Griffith, as well as another opportunity to win another **1250.00** Best Buy Gift card for those attending the dinner on Sunday evening. Remember there will be entertainment at the dinner and again you will have an awesome time, all for \$28.00 each. Where can you go for dinner, entertainment and a chance to win a \$1250.00 Best Buy Gift card for that low price? Also there will be a cash award for those dressed in costume – 60's style! Prizes for Best Chapter, Best Male and Best Female. And don't forget convention T-shirts! Ruth Burke is busy creating, designing and drawing yet another awesome t-shirt this year. This will be Dude – the turtle's 3<sup>rd</sup> appearance and will definitely have that sixties look!

Let's not forget our upcoming chapter rallies in June. Starting off on June 6<sup>th</sup> – CA-1L, their Pirate ride. Also a great event and the riding is absolutely gorgeous in their neck of the woods. Followed by CA-1D, with celebrating our Flag on June 14<sup>th</sup>, they put on a great rally with an awesome breakfast hosted by the Elks. Last but not least in CA-2N – Fun with the Frogs on June 27<sup>th</sup>. The frogs always put on a great rally and Angels Camp has some of the best riding in the entire state. So mark your calendars for our June events.

Until next month, ride well and ride often,  
Vincent & Pam

## Tour Directors

### On the Road Again

I'm a truck driver I drive my truck all day thinking of ways to make my rides fun.

When you are leading a ride you need to first decide on the restaurant that you want to go to. hopefully one that is good. Second, you pick a location that is close to the restaurant and a route on how to get there. Utilizing at least an hour. When you get to the restaurant, I like to do something's that no one else does. like playing some table games while we are waiting for our dinner to be served. Think about all the arrangements you need to make, make some notes to yourself. Call the restaurant and let them know how many people you are bringing. Make sure the restaurant takes separate checks.

Don't forget about your tail gunner, he is in the most important position. He is responsible for keeping the group together. He keeps his eyes open for hazards, making sure the group is riding in a safe manner. He should be an experienced rider.

Who wants to lead the next ride???? Let me know.

Riding two up. I didn't think I would ever say this, but I am riding sometimes two up. And boy, it sure is different than riding by yourself. You need to get into a routine. I look at other experienced riders and think what teamwork. They are on the bike and ready to go. Get on the bike put your helmet on. Put your gloves on, put on your jacket, and make sure everything is plugged in. We're learning the routine and having fun doing it.

"How come you can't hear me"?

Your cords not plugged in".

If you have a place you want to ride, please let me know. Lets put some new rides together. All ideas welcome. If you know someone who has a motorcycle and wants to ride with us, give him or her my name and phone number. ! We have great weather coming up, **so lets get out and ride!!!!**

### Who's going to Reno?

As always, the ride leaders are important and thanks to those of you that have stepped up to the plate to lead the rides, you are appreciated. A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!!

## Larry Tegel CA1M Chapter Educator

It's that time of the year to refresh our memories on some critical items. I'm referring to Riding in a Group. As GWRRA members, we generally ride in groups of 3-7 riders. There is a Lead or Road Captain, a Tail Gunner and of course the riders, all of which makes up the TEAM. We should always try to ride in accordance with the GWRRA way. That's what we are going to review.

### **Road Captain**

A leader capable of setting up a ride according to the GWRRA way. A leader trained in how to lead a Team and trained in the duties of the Tail Gunner.

Road Captains should be the Chapter Director, Assistant Chapter Director, Rider Educator and Ride Coordinators.

Anyone wanting to further their knowledge in Team riding.

### **Road Captain Responsibilities**

Should be experienced.

Make safe decisions.

Picks the Tail Gunner.

Sets the speed for the ride.

Sets the tone for the ride.

Maintains communication and control.

Communicates lane changes, speed changes and road hazards.

### **Tail Gunner Responsibilities**

Controls the general conduct of the ride (he can observe the whole group from the back).

Ensures that the Team (riders) are abiding by the rules.

Drops off to offer assistance to a team member that has pulled over (preferably has First Aid kit and is First Aid/CPR certified).

Notifies any unusual riding action.

Secures lanes for the team as requested by Lead.

Keeps Lead informed.

Controls the pace of the ride.

### **Team Member (Riders) Responsibilities**

Ride their own Ride (within their comfort zone).  
Arrive prepared (appropriate attire for weather conditions),  
fuel topped off and ready to ride.  
Communicate any change in position.  
Maintains adequate spacing and position.  
Follows the Lead bike directions.  
Minimizes CB traffic.  
Makes certain that they have the ride information.  
Communicate any issues or concerns to the Lead bike.

### **Now, we can enjoy the Ride!**

The preceding information were some excerpts out of the Road Captain Training Course. They represent the GWRRA Way of Team/Group riding. It can go without saying that we discuss several other aspects of Team riding and how to ride safe. If we can and should follow these guidelines, we can feel pretty prepared for a safe ride. It is GWRRA's feeling and mine that we enjoy our family and ride in a fun and safe way.

Rider Education has several courses designed to give you the knowledge to be safe and build your confidence in riding. The Road Captain Course can be taught any time and can provide the inexperienced rider the information to gain that experience to feel confident to ride in a Group/Team.

Ken Crow, Nevada District Educator, wrote the above article for his District Newsletter. Anyone who would like to learn how to be a Road Captain and or Tail Gunner, or just want to understand why we do things the way we do, come to the class. It will help you understand things even if you never want to Lead or Tail Gun.

"Out on I-40, two friends and I hit the asphalt at 70 mph. You never forget something like that. You also never forget those who were there to help- to *genuinely* help. The honest and tireless legal support that Steve Schapiro and Stan Leventhal dedicated to us was powerful. But even stronger was their sincere understanding of this lifestyle- and of it's importance. *That* is what really kept us going. *That* is what truly restored us." *Bill Hayes, Boozefighter's National Publicity Officer, and former client.*
