Newsletter Policy

Chapter CA1M's newsletter is distributed free of charge to GWRRA members or GWRRA boosters who participate in the Chapter activities. The newsletter is also distributed free to all advertisers and certain motorcycle related businesses or interests. After four months of non-participation as determined by the Membership Chairman, Newsletter Editor or the Chapter Director you may be removed from the mailing list. You will remain off the mailing list until you participate again or you make other arrangements with the Newsletter Editor or the Chapter Director.

Remember, the newsletter is what we make it. Please submit articles that you think will be interesting or informative to other Chapter members. The articles may be about your favorite ride, bike accessory, or just a funny story.

All articles submitted may be edited at the discretion of the Newsletter Editor, depending on the space available. *Controversial subject matter may not be submitted.*

Please submit your article by e-mail or typed letter to the Newsletter Editor by the 19th of the month to be in the next month's newsletter. Material in the newsletter may be reprinted without permission.

Everyone was excited to get the rally started The day seemed like it flew by but fun was had by all who came to our rally. It was good to see some of our stray cows wonder back in and do some catching up with them. Once a cow always a cow in my book. As I type my article I think back over the many rallies that I have been present for, and all of them have been lots of fun and memorable. The bake sales where the crazy bidding between Del and Rich and buying pies for several hundred dollars. The Bidding war I got into with Del and Rich at Chapters A's bake sale and ended up paying \$250.00 for a peach pie! I learned never to get in-between those two on bidding, and well we won't say how my husband Larry made me pay for the pie afterward. But it was our chapter who set the stage and was the best at having the "bake sale" auction. But all these were a success because of YOU our herd family. The participation before, during, and after each of these events has been phenomenal & this is how chapter M shines! Doing things as a herd and doing their best and making it the best! I too would also like to thank all of you for your hard work and dedication to our rally. It was a Hugh success. And it was teamwork that made it so AWESOME. The door prize gifts were fantastic, as were the Grand prizes. A special thanks to Redlands Honda for sponsoring our event and making it all possible.

September rides turnouts were kind of low due to the hot temperatures we have been enduring, as October begins there are many rides planned. I hope that you can come join us for some Pie rides, and weekend rides as well, hopefully the weather will be much more rider friendly. Be sure to mark October 5 on your calendars for the BBQ at Larry and Sheree Tegels house, there is always fun to be had at their house! My favorite ride is also coming up and being led by Larry Tegel, the ride to Barrett's Junction, this is one ride you don't want to miss! It's an all day ride but it has lots of twisties and turns, beautiful scenery and just all out fun ride! I hope to see lots of you on the ride. Be sure to let Trent know if you will be attending the Arizona District Rally that leaves on Oct 30, Arizona always puts on a great rally! Ca-2N and Ca-1F have rallies this month. As the Holidays fast approach don't forget to take time to smell the daisies, and just take in all the sights and sounds, family, and friends. Remember family comes first always, but also your herd family too!

REDLANDS HONDA

Sponsor of CA-1M 2014 Milk Run

WOW!!!

WOW!!!! What an unbelievable Milk Run. I am sure others will be writing about our event but I want to say GREAT JOB CA1M. Door prizes were out of this world, food was awesome and REDLANDS HONDA was a fantastic host. We had helmets, tires, lighting kit, jacket, luggage and many more quality prizes, as well as a fantastic 50/25/25.

It was great to see some lost cows in attendance as well. We actually had 9 former CHAPTER DIRECTORS in attendance. **Steve and Sandy Damico, Larry and Sheree Tegel, Del and Joanne Britton, Rich Blackburn, and yours truly Trent and Denise Reid.** Also thanks to the many staff members who handled registration, door prizes, 50/25/25, desserts, trash collection and disposal, and to those who jumped in and said put me to work. The pins were great thanks to Brent. All of these people have held many positions in GWRRA and our Chapter and their input and help were greatly appreciated.

Our mountain ride route was even requested by other chapters for future rides. Thanks guys.

I would also like to thank all of you who helped set up and take down as well as all the GWRRA chapters and members who came out to support our MILK RUN, and make it a success. We could not have done it without YOU.

By the time you get this CA1V and CA1Z will have their poker rides completed and I hope they are as successful as we were. Remember there are still a few poker rides coming up as well as the Arizona District Convention in Tucson. Check your calendars and watch for emails announcing all these events and support them as they have supported us as these events are their annual fund raising events and help them to continue to run their chapters.

Speaking of events, John Somma is co-coordinating the rides up to the Reno Rendezvous coming up next year and it seems from what I have been hearing, chapter M will be well represented at this event. There will be lots of riding and a lot of people are planning on taking a week or so to get some riding done in the area. If you are going or thinking of going be sure and let John know, he has some great ideas on routes and rides.

2014 District Rally

Last month California held its District Rally at Agoura Hills and, thanks to the amazing support of our volunteers, it was a resounding success. For those of you that attended, you saw how many different people were involved and proved once again the adage that “many hands make light work”. Our amazing sponsors, Dunlop Tires, JBJ, Law Tigers, and SkyMed provided 4 sets of tires as grand prizes and StreetMasters provided a gift certificate to their school. Then Misty Johnson of Dunlop surprised us with an additional set of tires at opening ceremonies. We would like to extend special recognition to a few of the instructors that worked under some restrictive conditions: our newest Trike Instructor, Shirley Machado and her mentor John Boman, and ARC Instructors Jerry Cowan and Dave Gormley, all 4 of whom had to teach on modified ranges without the benefit of being able to set up before the morning of the class; a true testament to their teaching ability. A special thank you to Ruth Burke for doing such a incredible job on our T-shirts and to Mike Burke, our District Educator who made sure all of the Rider Education components came off flawlessly. Also thank you to Mike and Ruth for handling the Couple and Individual of the Year Programs.

Showing us how truly amazing and adaptive they can be, the Gold Angels performed their entire show on a shortened field which gave the audience a very up-close and personal experience and a new perspective on just how skilled these riders truly are. Gator even thrilled us with a new trick and everyone was so impressed that we hope he makes it a regular part of the show!

On Saturday, we had over 20 bikes head out on a ride lead by Ken Freeland and more than one member familiar with the area said that they went on roads they didn't even know existed. The CD Forum was well attended as 38 members shared ideas and not surprisingly, when one chapter expressed a need there was always another chapter also expressing a similar concern. The beauty of this networking experience is that there is always someone who has been there, done that, survived it and could offer advice. Later that afternoon we discovered that the Reno Rendezvous is not an actual GWRRA event, but, rather, just an event where GWRRA is one of the sponsors. Many of the members were disappointed that it was not a Wing Ding for the West, but it did make it easier to decide which event to attend for those that could not make it to Reno and also to the Region Convention which is being held just a few weeks prior on Memorial Day weekend in Tucson, Arizona. Personally, we applaud home office for sponsoring an event targeting the Harley-Davidson and sport-bike riding community. For years, we have been experiencing declining membership and have known that if we don't do something to attract new and younger members, eventually we may all become outriders. Being self employed, we will not be able to make Reno next year, but if any of you do go, please send us pictures we can share in our newsletter.

Closing ceremonies was preceded by a hilarious hypnotist show and any shred of self-respect that Anita Alkire and the other participants had was graciously sacrificed for everyone else's entertainment (look for the video at the Officer's Conference in January). At closing ceremonies, Kevin Griffith drew two tickets for the \$1,250 Best Buy gift cards he donated to the District with one card drawn from all of the Grand Prize tickets and the other one from those that paid for the dinner show. Kevin's generous contribution guaranteed that the convention was a financial success and he has promised to do it again next year.

October still holds a couple of Chapter Rallies: Saturday the 18th at CA2N and Saturday the 25th at CA1F. Pam and I will be there at both of these and we hope you will too and, by the way, kudos to CA2W on the success of their event. By thinking out of the box, they ended up netting more money this year than in any previous year.

Until next month, ride well and ride often.

Last month we had a couple of fun rides. Norm thanks for the ride to the Brea Tar Pits that was really something to see. The special ride I did was up the mountain for the Italian dinner two fun rides, two great turnouts. Thanks to the ride leaders that are stepping up to the plate. We appreciate you. Our turnouts on Wed. Nights have not been up to our normal standard, due to heat and illness. When you don't show up you are missed.

The answer to last months question is: **you stay with the group you're assigned to.** It's much easier for the ride leader and the tail gunner to move the group as a group rather than to try and figure out what each individual has done. When we say, ride your own ride; we still want you to stay within your own group, riding at your speed and your ability that you are comfortable with. The tail gunner will not leave you.

As the tour director I want to make sure the group is all going in the same direction.

A note: from your tour director.

Each and every of you bring a special shine to this Chapter, your individuality and presence is what makes CA1M, so special!!!!

"Out on I-40, two friends and I hit the asphalt at 70 mph. You never forget something like that. You also never forget those who were there to help- to *genuinely* help. The honest and tireless legal support that Steve Schapiro and Stan Leventhal dedicated to us was powerful. We also have another Road Captain, trained in the GWRRA way, to bring up the rear of the group. This is our Tail Gunner. These two (Lead & Tail Gunner) work together like Lennon and McCartney. The Tail Gunner seems to know what the Lead is thinking, securing the lane almost as the thought passes through the mind of our Lead. They communicate well with each other and with the rest of the *team*. They let the group know what is going on around us. They inform us about things, like telling us we will be turning – in advance of the turn; when a car is attempting to pass the group on a 2-lane road; or when a car is passing on the right when we are on the highway. Our Lead and Tail Gunner always keep us aware of hazards on the road and all around us. We know they are looking out for the safety of the group. With Road Captains of this caliber, we feel very safe. We know we can enjoy the ride and watch the scenery with these two in charge.

Wait! Stop right there! *We all* need to remember that even those of us in the middle of the formation have responsibilities. We are responsible to pass on the hand signals from the Lead, such as for single file, stagger formation, pointing out potholes and road kill, sand in the corners, and other hazards, etc. We need to be aware who we are riding with, too. The burden is not all on the Road Captains. We cannot sleep because we ride in the middle of the pack. We need to maintain safe spacing with the other bikes around us. And most importantly, we need to ride our own ride. *We must* stay alert. Hazards don't always appear in front of the Lead bike. Sometimes they come at the riders in the middle of the group. We need to be aware of our surroundings and always be prepared to react to the unexpected at all times. We must remember that, just because our Road Captain is leading us, we are not excused from thinking for ourselves and riding our own ride. We are *all* responsible for our own safety at *all* times. *Never* give that responsibility away. It is nice to have someone willing to help look out for your safety, but ultimately, it is your life. Guard it wisely! Be sure to ride your own ride, even while Team Riding!

SLICE OF WRY

I must admit that although I have the courage, I may be missing the skills to tackle home-repair projects. For example, in my shed are the remains of a lawnmower I once tried to fix and pieces and parts of a few other now-unidentifiable items. So I shouldn't have been surprised at my sister Bonnie's comment when she came for a visit and found me attacking the vacuum cleaner with a screw-driver ... a hammer lying close by. "I can't get this thing to cooperate," I explained rather sheepishly, trying to hide the hammer. Bon suggested, "Why don't you drag it out to the shed and show it what's left of the lawnmower?"
